Explanation of Estimate:

The proposed legislation makes it illegal for a person to knowingly and intentionally interfere or attempt to interfere by intimidation using a telephone or other electronic method of communication with another person who is not trespassing and who is lawfully hunting, trapping, or fishing or engaged in activity associated with hunting, trapping, or fishing.

No direct fiscal impact is anticipated; however an increase in law enforcement activity could occur if the numbers of complaints increase. It is anticipated that response to these complaints would be at the expense of other less priority issues
