

One Hundred Fifth Legislature - First Session - 2017

Introducer's Statement of Intent

LB363

Chairperson: Senator Joni Albrecht

Committee: Business and Labor

Date of Hearing: January 30, 2017

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

Currently, licensed elevator mechanics are required to make the construction, operation, inspection, testing, maintenance and repair of conveyances in Douglas, Lancaster and Sarpy Counties. LB 363 would make the same requirement consistent for the all of Nebraska. Licensed elevator mechanics are not required for repair in dwellings, but inspections are required upon installations and transfers of property. The Conveyance Safety Act does not apply to conveyances that are used for agricultural purposes. However, the state could provide inspections upon the request of the property owner.

It is the intent of LB 363 to broaden the representation on the Conveyance Advisory Committee to better represent all perspectives of the state.

Principal Introducer: _____

Senator Matt Hansen
