LEGISLATIVE BILL 130
31-766 (1) If any part of the territory within any sanitary and improvement district, any road improvement district, or any fire protection district, or improvement or road protection district acting through its trustees or the sanitary and improvement district acting through its trustees or the sanitary and improvement district acting through its governing body may agree between themselves as to the division of the assets, liabilities, maintenance, contracts, or other obligations of the district for a change in the boundaries of the district so as to exclude the portion annexed by the city or village or may agree upon a merger of the district with the city or village. The division of assets, liabilities, maintenance, contracts, or other obligations of the district shall be equitable, shall be proportionate to the valuation of the portion of the district annexed to and to the valuation of the portion of the district which is to remain part thereof, and shall, to the greatest extent feasible, reflect the actual impact of the annexation on the ability of the district to perform its duties and responsibilities within its new boundaries following annexation. In the event a merger is agreed upon, the city or village shall have all the rights, privileges, duties, and obligations as provided in sections 31-763 to 31-765 when the city or village annexes the entire territory within the district, and the trustees or administrator shall be relieved of all further duties and liabilities and their bonds exonerated as provided in section 31-764. No agreement between the district and the city or village shall be effective until submitted to and approved by the district court of the county in which the major portion of the district is located. No agreement shall be approved which may prejudice the rights of any bondholder or creditor of the district or employee under contract to the district. The court may authorize or direct amendments to the agreement before approving the same. If the district and city or village do not agree upon the proper adjustment of all matters growing out of the annexation of all or part of the territory of the district whose interests may be adversely affected by the annexation may apply to the district court of the county where the major portion of the district is located for an adjustment of all matters growing out of or in any way connected with the annexation. The court may enter an order or decree fixing the rights, duties, and obligations of the parties. In every case such decree or order shall require a change of the district boundaries so as to exclude from the district that portion of the territory of the district which has been annexed. Such change of boundaries shall become effective on the date of entry of such decree. Only the district or city or village shall have the power to bring an action to exclude from the territory of the district that portion of the territory of another district which is annexed to the city or village. Any bondholder or creditor of the district or any employee under contract to the district whose interests may be adversely affected by the annexation may intervene in the action pursuant to section 25-328. The decree when entered shall be binding on the parties the same as though the parties had voluntarily agreed thereto. Nothing contained in this section shall authorize any district to levy any special assessments within the annexed area after the effective date of annexation.

(2) Any contract entered into on or after August 30, 2015, by a sanitary and improvement district for solid waste collection services shall, upon annexation of all or part of such district by a city or village, be canceled and voided as to the annexed areas.

Sec. 5. Whenever any city or village annexes all the territory within the boundaries of any rural or suburban fire protection district authorized under Chapter 35, article 5, the district shall merge with the city or village and the city or village shall assume all the property and property rights of every kind, contracts, obligations, and choses in action of every kind, held by or belonging to the district, and the city or village shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city or village. Nothing in this section shall authorize the annexing city or village to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but such city or village shall be bound by all such findings or orders and assessments to the same extent as the city or village would be bound.

Sec. 6. The board of directors of a rural or suburban fire protection district shall, within thirty days after the effective date of the merger, submit to the city or village a written accounting of all assets and liabilities, contingent or fixed, of the district. Unless the city or village within six months thereafter brings an action against the board of directors of the district for an accounting or for damages for breach of duty, the board of directors shall be discharged of all further duties and liabilities and their bonds exonerated. If the city or village brings such an action and does not recover judgment in its favor, the taxable costs may include reasonable expenses incurred by the board of directors in connection with such suit and a reasonable fee for the board’s attorney. The board of directors shall represent the district and all parties who might be interested in such an action. The city or village and such board shall be the only necessary parties to such action.

Sec. 7. The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the rural or suburban fire protection district. If the validity of the ordinance annexing the territory is challenged by a proceeding in a court of competent jurisdiction, the effective
date of the merger shall be thirty days after the final determination of the validity of the ordinance. The board of directors of the district of the rural or suburban fire protection district shall continue in possession and conduct the affairs of the district until the effective date of the merger.

Sec. 8. If only a part of the territory within any rural or suburban fire protection district is annexed by a city or village, the fire protection district acting through its board of directors and the city or village acting through its governing body may agree between themselves as to the division of the assets, liabilities, maintenance, contracts, or other obligations of the district for a change in the boundaries of the district so as to exclude the portion annexed by the city or village or may agree upon a merger of the district with the city or village. The division of assets, liabilities, maintenance, contracts, or other obligations of the district shall be equitable, shall be proportionate to the valuation of the portion of the district annexed and to the valuation of the portion of the district remaining following annexation, and shall, to the greatest extent feasible, reflect the actual impact of the annexation on the ability of the district to perform its duties and responsibilities within its new boundaries following annexation. In the event the agreement upon the city or village shall have all the rights, privileges, duties, and obligations as provided in sections 5 to 7 of this act when the city or village annexes the entire territory within the district, and the board of directors shall be relieved of all further duties and liabilities and their bonds exonerated as provided in section 6 of this act. No agreement between the district and the city or village shall be effective until submitted to and approved by the district court of the county in which the major portion of the district is located. No agreement shall be approved which may prejudice the rights of any bondholder or creditor of the district or employee under contract to the district. The court may authorize or direct amendments to the agreement before approving the same. If the district and city or village do not agree upon the proper adjustment of all matters growing out of the annexation of a part of the territory located within the district, the district, the annexing city or village, any bondholder or creditor of the district, or any employee under contract to the district may apply to the court for a determination of the rights, privileges, duties, and obligations of the parties. In every case such decree or order shall require a change of the district boundaries so as to exclude from the district that portion of the territory proposed to be annexed by the city or village. Such change in boundaries shall become effective on the date of entry of such decree. Only the district is located for an adjustment of all matters growing out of or in any way connected with the annexation of such territory, and after a hearing thereon the court may enter an order or decree fixing the rights, duties, and obligations of the parties. In every case such decree or order shall require a change of the district boundaries so as to exclude from the district that portion of the territory proposed to be annexed. Such change in boundaries shall become effective on the date of entry of such decree. Only the district and the city or village shall be necessary parties to such an action. Any bondholder or creditor of the district or any employee under contract to the district whose interests may be adversely affected by the annexation may intervene in the action pursuant to section 25-328. The decree when entered shall be binding on the parties the same as though the parties had voluntarily agreed thereto.

Sec. 9. Section 35-514, Reissue Revised Statutes of Nebraska, is amended to read:

35-514 (1) Any territory which is outside the limits of any incorporated city may be annexed to an adjacent district in the manner provided in this section, whether or not the territory is in an existing rural or suburban fire protection district.

(2) The proceedings for the annexation may be initiated by either (a) the presentation to the county clerk of a petition signed by sixty percent or more of the registered voters who are residing within the boundaries of the territory to be annexed stating the desires and purposes of such petitioners or (b) the presentation to the county clerk of certified copies of resolutions passed by the board of directors of the annexing district and any other district from which the property would be annexed supporting the proposed annexation. The petition or resolutions shall contain a description of the boundaries of the territory proposed to be annexed. The petition or resolutions shall be accompanied by a map or plat and a deposit for publication costs.

(3) The county clerk shall verify the petition as provided in section 32-214 and determine whether or not the petition complies with the requirements of subsection (2) of this section and that the persons signing the petition appear to reside at the addresses indicated by such petition. Thereafter, the county clerk shall forward any petition, map or plat, and certificate to the board of directors of the districts concerned.

Within thirty days after receiving the petition, map or plat, and certificate, in accordance with this section, from the county clerk, the board of directors of all affected districts shall transmit the same to the proper county board, accompanied by a report in writing approving or disapproving the proposal contained in the petition, or approving such proposal in part and disapproving it in part. If the board of directors of any affected district disapproves the resolutions of the board of directors of any affected districts, the resolutions shall be transmitted to the proper county board.

(5) The county board shall promptly designate a time and place for a hearing upon the annexation. Notice of such hearing shall be given by publication two weeks in a newspaper of general circulation in the county, the last publication appearing at least seven days prior to the hearing. The notice shall be addressed to "all registered voters residing in the following boundaries" and shall include a description of the proposed boundaries as set
forth in the petition or resolutions. At such hearing, any person shall have
the opportunity to be heard respecting the proposed annexation.

If any board shall fail within forty days after the hearing referred to in subsection (5) of this section, determine whether such territory
should be annexed and shall fix the boundaries of the territory to be annexed.
No annexation shall be approved which would leave any district with less than
the minimum valuation of two million eight hundred sixty thousand dollars. The
determination of the county board shall be set forth in a written order which
shall describe the boundaries determined upon and shall be filed in the office
of the county clerk.

(7) Any area annexed from a rural or suburban fire protection district,
except areas duly incorporated within the boundaries of a municipality, shall
be subject to assessment for the payment of the outstanding obligations and
discharge of all the obligations of the rural or suburban fire protection
district outstanding at the time of the filing of the petition or resolution
for the annexation of the area as fully as though the area had not been
annexed. All procedures which could be used to compel the annexed area, except
for areas duly incorporated within the boundaries of a municipality, to pay its
prorations had the annexation not occurred may be used to compel such payment. Areas duly incorporated within the boundaries of a
municipality shall be automatically annexed from the boundaries of the district
notwithstanding the provisions of section 8 of this act 31-766 and shall not be
subject to further tax levy or other charges by the district, except that
before the annexation is complete, the municipality shall assume and pay that
portion of all outstanding obligations of the district which would otherwise
constitute an obligation of the area annexed or incorporated. An area annexed
from a rural or suburban fire protection district shall not be subject to
assessment or otherwise chargeable for any obligation of any nature or kind
incurred by the district after the annexation of the area to the district.

Sec. 10. Whenever any city or village annexes all the territory within
the boundaries of any road improvement district organized under sections
39-1601 to 39-1636.01, the district shall merge with the city or village
and the city or village shall succeed to all the property and property rights of
every kind, contracts, obligations, and choses in action of every kind,
belonging to the district, and the city or village shall be liable for and
recognize, assume, and carry out all valid contracts and obligations of the
district. All taxes, assessments, claims, and demands of every kind due or
owing to the district shall be paid to and collected by the city or village.

Any special assessments which the district was authorized to levy, assess,
reassess, or levy, assessed, reassessed, or reassess, at the time of the merger,
for improvements made by it or in the process of construction or contracted for may be levied, assessed, releived, or
reassessed by the annexing city or village to the same extent as the district
may have levied or assessed but for the merger. Nothing in this section shall
authorize the annexing city or village to revoke any resolution, order, or
finding made by the district in regard to special benefits or increase any
assessments made by the district, but such city or village shall be bound by
all such findings or orders and assessments to the same extent as the district
would have done if the district had not been annexed except that the city or village may agree between themselves as to the division of the assets, liabilities,
and obligations of the district outstanding at the time of the filing of the
petition or resolution for the annexation of the area.

Sec. 11. The trustees of a road improvement district shall, within thirty
days after the effective date of the merger, submit to the city or village a
written accounting of all assets and liabilities, contingent or fixed, of the
district. Unless the city or village within six months thereafter brings an
action against the trustees of the district for the recovery of any assets or
liabilities owned by the trustees, the trustees shall be discharged of all further duties and
liabilities and their bonds exonerated. If the city or village brings such an
action and does not recover judgment in its favor, the taxable costs may
include reasonable expenses incurred by the trustees of the road improvement
district in connection with such suit and a reasonable attorney's fee for the
trustees' attorney. The city or village shall represent the district and all
parties who might be interested in such an action. The city or village and such
parties shall be the only necessary parties to such action. Nothing contained
in this section shall authorize the trustees to levy any special assessments
after the effective date of such annexation.

Sec. 12. The merger shall be effective thirty days after the effective
date of the ordinance annexing the territory within the road improvement
district. If the validity of the ordinance annexing the territory is challenged
by a proceeding in a court of competent jurisdiction, the effective date of the
merger shall be thirty days after the final determination of the validity of
the ordinance. The trustees of the road improvement district shall continue in
possession and conduct the affairs of the district until the effective date of
the merger, but shall not during such period levy any special assessments after
the effective date of annexation.

Sec. 13. If only a part of the territory within any road improvement
district is annexed by a city or village, the road improvement district acting
through its trustees and the city or village acting through its governing body
may agree between themselves as to the division of the assets, liabilities,
and obligations of the district for a change in the boundaries of the district so as to exclude the portion annexed by the city
or village or may agree upon a merger of the district with the city or village.
The division of assets, liabilities, maintenance, contracts, or other
obligations of the district shall be equitable, shall be proportionate to the
-4-
valuation of the portion of the district annexed and to the valuation of the portion of the district remaining following annexation, and shall, to the greatest extent feasible, reflect the actual impact of the annexation on the ability of the district to perform its duties and responsibilities within its new boundaries following annexation. In the event a merger is agreed upon, the city or village shall have all the rights, privileges, duties, and obligations as provided in sections 10 to 12 of this act when the city or village annexes the entire territory within the district, and the trustees shall be relieved of all further duties and liabilities and their bonds exonerated as provided in section 11 of this act. No agreement between the district and the city or village shall be effective until submitted to and approved by the district court of the county in which the major portion of the district is located. No agreement shall be approved which may prejudice the rights of any bondholder or creditor of the district or employee under contract to the district. The court may authorize or direct amendments to the agreement before approving the same. If the district and city or village do not agree upon the proper adjustment of all matters growing out of the annexation of a part of the territory located within the district, the district, the annexing city or village, any bondholder or creditor of the district, or any employee under contract to the district may apply to the district court of the county where the major portion of the district is located for an adjustment of all matters growing out of or in any way connected with the annexation of such territory, and after a hearing thereon the court may enter an order or decree fixing the rights, duties, and obligations of the parties. In every case such decree or order shall require a change of the district boundaries so as to exclude from the district that portion of the territory of the district which has been annexed. Such change of boundaries shall become effective on the date of entry of such decree. Only the district and the city or village shall be necessary parties to such an action. Any bondholder or creditor of the district or any employee under contract to the district whose interests may be adversely affected by the annexation may intervene in the action pursuant to section 25-328. The decree when entered shall be binding on the parties the same as though the parties had voluntarily agreed thereto. Nothing contained in this section shall authorize any district to levy any special assessments within the annexed area after the effective date of annexation.

Sec. 14. Original sections 31-763, 31-764, 31-765, 31-766, and 35-514, Reissue Revised Statutes of Nebraska, are repealed.
