LB779 makes the following changes to the Nebraska National Guard State Tuition Assistance Program by removing the eligibility requirement that an individual be within 10 years of their initial membership date to be eligible for the program. Language that provides for certain exceptions to the 10 year requirement would also be eliminated.

The fiscal impact is indeterminate as no data is available to estimate the number of previously denied requests that would now be eligible for the program. Further, the Military Department does not anticipate additional expenditures that cannot be absorbed by their existing appropriation in Program 548.

At this time the Nebraska Military Department does not foresee a financial impact with the passage of this bill. The Nebraska Military Department is not seeking to increase the number of National Guard members who may use the program from the existing 1200 nor do we expect the amount of tuition credits granted to exceed the current level of appropriations \$852,793.
