

**One Hundred Seventh Legislature - Second Session - 2022**

**Introducer's Statement of Intent**

**LB1057**

---

**Chairperson: Senator Lynne Walz**

**Committee: Education**

**Date of Hearing: February 08, 2022**

The intent of this bill is to change the statute that concerns the average fall school district enrollment required of a Class III school before efforts to close, consolidate or unify the school district is required by law. Presently this membership threshold is the average daily membership of an existing Class III school district that is fewer than forty-five students in grades kindergarten through nine.

LB 1057 changes this threshold to thirty-five students in grades kindergarten through twelve.
