Be it enacted by the people of the State of Nebraska,

Section 1. Section 77-376, Reissue Revised Statutes of Nebraska, is amended to read:

77-376 (1) The Tax Commissioner may examine or cause to be examined in his or her behalf, and make memoranda from, any of the financial records of state and local subdivisions, persons, and corporations subject to the tax laws of this state, including the social security numbers of employees of such state and local subdivisions, persons, and corporations. No information shall be released that is not so authorized by existing statutes. Unless otherwise prohibited by law, the Tax Commissioner may share the information examined with the taxing or law enforcement authorities of this state, other states, and the federal government.

(2) The audit and examination selection criteria and standards, the discovery techniques, the design of technological systems to detect fraud and inconsistencies, and all other techniques utilized by the Department of Revenue to discover fraud, misstatements, inconsistencies, underreporting, and tax avoidance shall be confidential information. The department may disclose this information to certain persons to further its enforcement activities and as provided under section 50-1213, but such limited disclosure shall not change the confidential nature of the information.

Sec. 2. Section 77-2708, Revised Statutes Cumulative Supplement, 2020, is amended to read:

77-2708 (1)(a) The sales and use taxes imposed by the Nebraska Revenue Act of 1967 shall be due and payable to the Tax Commissioner monthly on or before the twentieth day of the month next succeeding each monthly period unless otherwise provided pursuant to the Nebraska Revenue Act of 1967.

(b)(1) On or before the twentieth day of the month following each monthly period or such other period as the Tax Commissioner may require, a return for such period, along with all taxes due, shall be filed with the Tax Commissioner in such form and content as the Tax Commissioner may prescribe and containing such information as the Tax Commissioner deems necessary for the proper administration of the Nebraska Revenue Act of 1967. The Tax Commissioner, if he or she deems it necessary in order to insure payment to or facilitate the collection by the state of the amount of sales or use taxes due, may require returns and payment of the amount of such taxes for periods other than monthly periods in the case of a particular seller, retailer, or purchaser, as the case may be. The Tax Commissioner shall by rule and regulation require reports and tax payments from sellers, retailers, or purchasers depending on their yearly tax liability. Except as required by the streamlined sales and use tax agreement, annual returns shall be required if such sellers', retailers', or purchasers' yearly tax liability is less than nine hundred dollars, quarterly returns shall be required if their yearly tax liability is nine hundred dollars or more and less than three thousand dollars, and monthly returns shall be required if their yearly tax liability is three thousand dollars or more. The Tax Commissioner shall have the discretion to allow an annual return for seasonal retailers, even when their yearly tax liability exceeds the amounts listed in this subdivision.

(ii) For purposes of the sales tax, a return shall be filed by every retailer liable for collection from a purchaser and payment to the state of the tax, except that a combined sales tax return may be filed for all licensed
locations which are subject to common ownership. For purposes of this subdivision, common ownership means the same person or persons own eighty percent or more of each licensed location. For purposes of this subdivision, sales taxes due to a retailer required to collect the tax shall be by each retailer engaged in business in this state and by every person who has purchased property, the storage, use, or other consumption of which is subject to the use tax, but who has not paid the use tax due to a retailer required to collect the tax.

(iii) The Tax Commissioner may require that returns be signed by the person required to file the return or by his or her duly authorized agent but need not be verified by oath.

(iv) A taxpayer who keeps his or her regular books and records on a cash basis, an accrual basis, or any generally recognized accounting basis which correctly reflects the operation of the business may file the sales and use tax returns required by the Nebraska Revenue Act of 1967 on the same accounting basis that is used for the regular books and records, except that on credit, conditional, and installment sales, the retailer who keeps his or her books on an accrual basis may report such sales on the cash basis and pay the tax upon the collections made during each month. If a taxpayer transfers, sells, assigns, or otherwise disposes of an account receivable by a retailer to a subsidiary shall not be deemed to require the retailer to pay the sales tax on the credit sale represented by the account transferred prior to the time the customer makes payment on such account. If the subsidiary does not obtain a Nebraska sales tax permit, the taxpayer shall obtain a surety bond in favor of the State of Nebraska to insure payment of the tax and any interest and penalty imposed thereon under this section in an amount not less than two times the amount of tax payable on outstanding accounts receivable held by the subsidiary as of the end of the prior calendar year. Failure to obtain either a sales tax permit or a surety bond in accordance with this section shall result in the payment on the next required filing date of all sales taxes not previously remitted. When the retailer has adopted one basis or the other of reporting the tax, the taxpayer required to file the return shall deliver or mail any required return, filing after the required filing date, failure to remit the net amount of the tax due, or remitting the net amount of the tax due after the required filing date shall be cause for a penalty, in addition to interest, of ten percent of the amount of tax not paid by the required filing date or twenty-five dollars, whichever is greater, unless the penalty is being collected under subdivision (1)(i), (1)(j)(i), or (1)(k)(i) of section 77-2703 by a county treasurer or the Department of Motor Vehicles, in which case the penalty shall be fifty dollars. The taxpayer shall deduct and withhold, from the taxes otherwise due from him or her on his or her tax return, two and one-half percent of the first three thousand dollars remitted each month to reimburse himself or herself for the cost of collecting the tax. Taxpayers filing a combined return as allowed by subdivision (1)(b)(ii) of this subsection shall compute such collection fees on the basis of the receipts and liability of each licensed location.

(e) A retailer that makes sales into Nebraska using a multivendor marketplace platform is relieved of its obligation to collect and remit sales taxes to Nebraska with regard to any sales taxes collected and remitted by the multivendor marketplace platform. Such a retailer must include all sales into Nebraska in its gross receipts in its return, but may claim credit for any sales taxes collected and remitted by the multivendor marketplace platform with respect to such retailer's sales. Such retailer is liable for the sales tax due on sales into Nebraska as provided in section 77-2704.35.

(f) A multivendor marketplace platform is relieved of its obligation to collect and remit the correct amount of state and local sales taxes imposed thereon under this section in an amount not less than two times the amount of tax due to the multivendor marketplace platform by the seller and relied on by the multivendor marketplace platform. This subdivision shall not apply if the multivendor marketplace platform and the seller are related persons under either section 267(b) or (c) or section 707(b) of the Internal Revenue Code of 1986 or if the seller is also the multivendor marketplace platform operator.

(2)(a) If the Tax Commissioner determines that any sales or use tax amount, penalty, or interest has been paid more than once, has been erroneously or illegally collected or computed, or has been paid and the purchaser subsequently refunded under section 77-2706.81, the Tax Commissioner shall set forth that fact in his or her records and the excess amount collected or paid may be credited on any sales, use, or income tax amounts then due and payable from the person under the Nebraska Revenue Act of 1967. Any balance may be refunded to the person by whom it was paid or his or her successors, administrators, or executors.

(b) No refund shall be allowed unless a claim therefor is filed with the Tax Commissioner by the person who made the overpayment or his or her attorney,
executor, or administrator within three years from the required filing date following the close of the period for which the overpayment was made, within six months from the date of overpayment unless a claim was made under section 77-2709, within six months from the date of overpayment with respect to such determinations, whichever of these three periods expires later, unless the credit relates to a period for which a waiver has been given. Failure to file a claim within the time prescribed in this subsection shall constitute a waiver of any demand against the state on account of overpayment.

(c) Every claim shall be in writing on forms prescribed by the Tax Commissioner and shall state the specific amount and grounds upon which the claim is founded. No refund shall be made in any amount less than two dollars.

(d) The Tax Commissioner shall allow or disallow a claim within one hundred eighty days after it has been filed. A request for a hearing shall constitute a waiver of the one-hundred-eighty-day period. The claimant and the Tax Commissioner may also agree to extend the one-hundred-eighty-day period. If a hearing has not been requested and the Tax Commissioner has neither allowed nor disallowed a claim within either the one hundred eighty days or the period agreed to by the claimant and the Tax Commissioner, the claim shall be deemed to have been allowed.

(e) Within thirty days after disallowing any claim in whole or in part, the Tax Commissioner shall serve notice of his or her action on the claimant in the manner prescribed for service of notice of a deficiency determination.

(f) Within thirty days after the mailing of the notice of the Tax Commissioner’s action upon a claim filed pursuant to the Nebraska Revenue Act of 1967, the action of the Tax Commissioner shall be final unless the taxpayer seeks review of the Tax Commissioner’s determination as provided in section 77-27, 127.

(g) Upon the allowance of a credit or refund of any amount, whether illegally assessed or collected, of any penalty collected without authority, or of any sum which was excessive or in any manner wrongfully collected, interest shall be allowed and paid on the amount of such credit or refund at the rate specified in section 45-104.02, as such rate may from time to time be adjusted, from the date such sum was paid or from the date the return was required to be filed, whichever is later. If the allowance is made to refund the full amount of such credit or refund, the interest shall be allowed and paid on the amount of such credit or refund at the rate specified in section 45-104.02, as such rate may from time to time be adjusted, from the due date of the amount against which the credit is allowed, but in the case of a voluntary and unrequested payment in excess of actual tax liability or a refund under section 77-2708.01, no interest shall be allowed when such excess is refunded or credited.

(h) No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed.

(i) The Tax Commissioner may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed by issuing a deficiency determination within one year from the date of refund or credit or within the period otherwise allowed for issuing a deficiency determination, whichever expires later.

(j) (i) Credit shall be allowed to the retailer, contractor, or repairperson for sales or use taxes paid pursuant to the Nebraska Revenue Act of 1967 on any deduction taken that is attributed to bad debts not including interest, as defined in Section 6664 of the Internal Revenue Code, as such definition existed on January 1, 2003. However, the amount calculated pursuant to 26 U.S.C. 166 shall be adjusted to exclude: Financing charges or interest; sales or use taxes charged on the purchase price; uncollectible amounts on property that remains in the possession of the seller until the full purchase price is paid; and expenses incurred in attempting to collect any debt and repossessed property.

(ii) Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectible in the claimant’s books and records and is eligible to be deducted for federal income tax purposes. A claimant who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the claimant’s books and records and would be eligible for a bad debt deduction for federal income tax purposes if the claimant was required to file a federal income tax return.

(iii) If a claim is filed for a bad debt in accordance with section 45-104.02, as such section existed on January 1, 2003, the amount calculated pursuant to 26 U.S.C. 166 shall be adjusted to exclude: Financing charges or interest; sales or use taxes charged on the purchase price; uncollectible amounts on property that remains in the possession of the seller until the full purchase price is paid; and expenses incurred in attempting to collect any debt and repossessed property.

(iv) When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed within the otherwise applicable statute of limitations for refund claims. The statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.

(v) If filing responsibilities have been assumed by a certified service provider, the service provider may claim, on behalf of the retailer, any bad debt deduction allowed by this section. The certified service provider shall credit or refund the full amount of any bad debt allowance or refund received to the retailer.

(vi) For purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account are applied first proportionally to the taxable price of the property or service and the sales taxes thereon, and secondly to interest, service charges, and any other charges.

(vii) In situations in which the books and records of the party claiming
the bad debt allowance support an allocation of the bad debts among the member states in the streamlined sales and use tax agreement, the state shall permit the allocation.

(3) Beginning July 1, 2026, if a refund claim under this section involves a refund of a tax imposed under the Local Option Revenue Act or section 13-319, 13-2813, or 77-6403 and the amount of such tax to be refunded is at least five thousand dollars, the Tax Commissioner shall notify the affected city, village, county, or municipal county concurrently with collection of a state tax in the amount of the refund and the amount of the refund claimed under the ImagiNE Nebraska Act. The Department of Revenue shall notify each municipality liable for a refund exceeding one thousand five hundred dollars of the pending refund and the amount of the refund claimed under the Urban Redevelopment Act. (f) Interest shall not be allowed on any taxes refunded under the Nebraska Advantage Act.
(3) The appointment of purchasing agents shall be recognized for the purpose of changing the status of a contractor or repairperson as the ultimate consumer of tangible personal property purchased after the appointment which is physically incorporated into or annexed to the project and becomes the property of the owner of the improvement to real estate or the taxpayer. 77-6828 (1) Within ninety days after approval of the application, the director shall prepare and deliver a written agreement to the taxpayer for the taxpayer's use and the director shall enter into such written agreement. Under the agreement, the taxpayer shall agree to increase employment or investment at the qualified location or locations, report compensation, wage, and hour data at the qualified location or locations to the Department of Revenue annually, and report all qualified property at the qualified location to the Department of Revenue annually. The director, on behalf of the State of Nebraska, shall agree to allow the taxpayer to use the incentives contained in the ImagiNE Nebraska Act. The application, and all supporting documentation, to the extent approved, shall be considered a part of the agreement. The agreement shall state:

(a) The qualified location or locations. If a location or locations are to be qualified under subsection (2) of section 77-6818, the agreement must include a commitment by the taxpayer that the seventy-five percent requirement
of such subsection will be met;
  (b) The type of documentation the taxpayer will need to supply to support
      its claim for incentives under the act;
  (c) The date the application was complete;
  (d) The E-verify number or numbers for the qualified location or locations
      provided by the United States Citizenship and Immigration Services;
  (e) A requirement that the taxpayer provide any information needed by the
      director or the Tax Commissioner to perform their respective responsibilities
      under the ImagiNE Nebraska Act, in the manner specified by the director or Tax
      Commissioner;
  (f) A requirement that the taxpayer provide an annually updated timetable
      showing the expected sales and use tax refunds and what year they are expected
      to be claimed, in the manner specified by the Tax Commissioner. The timetable
      shall include both direct refunds due to investment and credits taken as sales
      and use tax refunds as accurately as reasonably possible;
  (g) A requirement that the taxpayer update the Tax Commissioner annually,
      with its income tax return or in the manner specified by the Tax Commissioner,
      on any changes in plans or circumstances which it reasonably expects will
      affect the level of new investment and number of new employees at the qualified
      location or locations. If the taxpayer fails to comply with this requirement,
      the Tax Commissioner may defer any pending incentive utilization until the
      taxpayer does comply;
  (h) A requirement that the taxpayer provide information regarding the
      value of health coverage provided to employees during the year who are not
      base-year employees and who are paid the required compensation as needed by
      the director or the Tax Commissioner to perform their respective responsibilities
      under the ImagiNE Nebraska Act, in the manner specified by the director or Tax
      Commissioner;
  (i) A requirement that the taxpayer not violate any state or federal law
      against discrimination; and

      to the employees employed full-time at the qualified location or locations
      during the year who are not base-year employees and who are paid the required
      compensation. In computing the taxpayer’s claim for incentives under the act,
      it shall not offer a sufficient package of benefits to any such employee for any year
      during the performance period, that employee shall not count toward the number of new employees for such year. For purposes
      of this subdivision, benefits means nonwage remuneration offered to an
      employee, including medical and dental insurance plans, pension, retirement,
      and profit-sharing plans, child care services, life insurance coverage, vision
      insurance coverage, disability insurance coverage, and any other nonwage
      remuneration as determined by the director. The director may adopt and
      promulgate rules and regulations to specify what constitutes a sufficient
      package of benefits. In determining what constitutes a sufficient package
      of benefits, the director shall consider (i) benefit packages customarily offered
      by an employer to full-time employees, (ii) the impact of the cost of such benefits
      on the ability to attract new employment and investment under the ImagiNE Nebraska Act, and (iii) the costs that employees must bear
      to obtain benefits not offered by an employer; and -
  (k) A requirement that the taxpayer provide the following information for

      (i) The most recent taxable valuations and levy rates for all qualified
          locations;
      (ii) If credits are used for job training pursuant to subdivision (1)(e)
          of section 77-6832, a program schedule of the job training activities; and
      (iii) If credits are used for talent recruitment pursuant to subdivision
          (1)(e) of section 77-6832, the city and state where recruited employees lived
          when the talent recruitment activities took place.
  (2) The application, the agreement, all supporting information, and all
      other information reported to the director or the Tax Commissioner shall be
      kept confidential by the director and the Tax Commissioner, except for the name
      of the taxpayer, the qualified location or locations in the agreement, the
      estimated amounts of increased employment and investment stated in the
      application, the date of complete application, the date the agreement was
      signed, and the information required to be reported by section 77-6837. The
      application, all supporting information shall be provided by the
      director to the Department of Revenue. The director shall disclose, to any
      municipalities in which project locations exist, the approval of an application
      and the execution of an agreement under this section. The Tax Commissioner
      shall also notify each municipality of the amount and taxpayer identity for
      any changes in plans or circumstances which it reasonably expects will
      affect the level of new investment and number of new employees at the qualified
      location or locations. If the taxpayer fails to comply with this requirement,
      the Tax Commissioner may defer any pending incentive utilization until the
      taxpayer does comply;
  (3) An agreement under the ImagiNE Nebraska Act shall have a duration of
      no more than fifteen years. A taxpayer with an existing agreement may apply for
      and receive incentives for any qualified location or locations that are
      not part of an existing agreement under the ImagiNE Nebraska Act, but cannot
      apply for a new agreement for a qualified location designated in an existing
      agreement until after the end of the performance period for the existing
      agreement.
  (4) The incentives contained in the ImagiNE Nebraska Act shall be in lieu
      of the tax credits allowed by the Nebraska Advantage Rural Development Act for
      any project. In computing credits under the Nebraska Advantage Rural
Development Act, any investment or employment which is eligible for benefits or used in determining benefits under the ImagiNE Nebraska Act shall be subtracted from the credit otherwise determined for determining the credits under section 77-27,188. New investment or employment at a project location that results in the meeting or maintenance of the employment or investment requirements, the creation of credits, or refunds of taxes under the Nebraska Advantage Act shall not be considered new investment or employment for purposes of the ImagiNE Nebraska Act. The use of carryover credits under the Nebraska Advantage Development Act, the Invest Nebraska Act, the Nebraska Advantage Rural Development Act, or the Quality Jobs Act shall not preclude investment and employment from being considered new investment or employment under the ImagiNE Nebraska Act. The use of property tax exemptions at the project under the Employment and Investment Growth Act on the Nebraska Advantage Act does not preclude investment not eligible for such property tax exemptions from being considered new investment under the ImagiNE Nebraska Act.

Sec. 20. Section 77-6831, Revised Statutes Cumulative Supplement, 2020, is amended to read:

77-6832 (1)(a) The credits prescribed in section 77-6831 for a year shall be earned by filing forms required by the Tax Commissioner with the income tax return for the taxable year which includes the end of the year the credits were earned. The credits may be used and shall be applied in the order in which they were first allowable under the ImagiNE Nebraska Act. To the extent the taxpayer has credits under the Nebraska Advantage Act or the Employment and Investment Growth Act still available for use in a year, the year in which they overlap the performance period or carryover period of the ImagiNE Nebraska Act, the credits may be used and shall be applied in the order in which they were first allowable, and when there are credits of the same age, the older tax incentive program’s credits shall be applied first. The credits may be used after any other nonrefundable credits to reduce the taxpayer’s income tax liability imposed by sections 77-2714 to 77-27135. Credits may be used beginning with the taxable year which includes December 31 of the year the required minimum levels were reached. The last year for which credits may be used is the taxable year which includes December 31 of the last year of the carryover period. Any decision on how part of the credit is applied shall not limit or further be applied using credits that would be allowable in any subsequent calendar year.

(b) The taxpayer may use the credit provided in subdivision (4) of section 77-6831 (i) to reduce the taxpayer’s income tax withholding employer or payor tax liability under section 77-2756 or 77-2757, or to reduce a qualified employee leasing company’s income tax withholding employer or payor tax liability under section 77-2756 or 77-2757, when the taxpayer is the client-lessee of such company, to the extent such liability is attributable to the number of new employees employed at the qualified location or locations, excluding any wages in excess of one million dollars paid to any one employee during the year or (ii) to reduce a qualified employee leasing company’s income tax withholding employer or payor tax liability under section 77-2756 or 77-2757, when the taxpayer is the client-lessee of such company, to the extent such liability is attributable to the number of new employees performing services for such client-lessee at the qualified location or locations, excluding any wages in excess of one million dollars paid to any one employee during the year. To the extent any income tax withholding shall not be credited, such credit shall be considered public funds or state tax revenue and shall not constitute a trust fund or be owned by the state. The use by the taxpayer or the qualified employee leasing company of the credit shall not change the amount that otherwise would be reported by the taxpayer, or such qualified employee leasing company, to the employee under section 77-2754 as income tax withheld and shall not reduce the amount of income tax withheld under section 77-2755 by the amount of the credit. The credit is income tax return as income tax withheld under section 77-2755. The amount of credits used against income tax withholding shall not exceed the withholding attributable to the number of new employees employed at the qualified location or locations or, for a qualified employee leasing company, the number of new employees performing services for such qualified company, to the extent such liability is attributable to the number of new employees employed at the qualified location or locations, excluding any wages in excess of one million dollars paid to any one employee during the year. If the amount of credit used by the taxpayer or the qualified employee leasing company against income tax withholding exceeds such amount, the excess withholding shall be returned to the Department of Revenue in the manner provided in section 77-2758. Such excess amount returned shall be considered unused, and the amount of unused credits may be used as otherwise permitted in this section or shall carry over.

For purposes of this subdivision:

(B) For refunds under subdivision (2)(a)(iv) of section 77-6831, a certification by the contractor or repairperson of the percentage of the contract price that represents the cost of materials annexed to the qualified location and the percentage of the materials annexed to the qualified location on which sales and use taxes were paid to Nebraska after appointment as purchasing agent.

(d) All refund claims shall be filed, processed, and allowed as any other claim under section 77-2708, except that the amounts allowed to be refunded under the ImagiNE Nebraska Act shall be deemed to be overpayments and shall be refunded under standing limitation in subdivision (2)(e) of section 77-2708. The refund may be allowed if the claim is filed within three years from the end of the year the required levels of employment and investment are met or within the period set forth in section 77-2708. If such a claim is filed on or after June 16 of a given year, the refund shall not be made until on or after November 15 of the following year. The Tax Commissioner shall notify the affected city, village, county, or municipal county of the amount of refund claims of sales and use taxes under the Local Option Revenue Act, the Qualified Judgment Payment Act, or sections 13-319, 13-324, and 13-2813 that are in excess of twenty-five thousand dollars on or before July 1 of the year before the claims will be paid under this section.

(f) For refunds of sales and use taxes under the Local Option Revenue Act,
the deductions made by the Tax Commissioner for such refunds shall be delayed in accordance with section 77-27,144.

(4) Interest shall not be allowed on any taxes refunded under the ImagiNE Nebraska Act.

(3) The appointment of purchasing agents shall be recognized for the purpose of changing the status of a contractor or repairperson as the ultimate consumer of tangible personal property purchased after the date of the appointment which is physically incorporated into or annexed at a qualified location and becomes the property of the owner of the improvement to real estate or the taxpayer. The purchasing agent shall be jointly liable for the payment of the sales and use tax on the purchases with the owner of the property.

(4) The determination of whether the application is complete, whether a location is a qualified location, and whether to approve the application and sign the agreement shall be made by the director. All other interpretations of the ImagiNE Nebraska Act shall be made by the Tax Commissioner. The Commissioner of Labor shall provide the director with such information as the Department of Labor regularly receives with respect to the taxpayer which the director determines are necessary to the director's duties under the act. (6) An audit of employment and investment thresholds and incentive amounts shall be made by the Tax Commissioner to the extent and in the manner determined by the Tax Commissioner. Upon request by the director or the Tax Commissioner, the Commissioner of Labor shall report to the director and the Tax Commissioner the employment data regularly reported to the Department of Labor relating to number of employees and wages paid for each taxpayer. The director and Tax Commissioner, to the extent they determine appropriate, shall use such information to achieve efficiency in the administration of the ImagiNE Nebraska Act. The Tax Commissioner may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed by issuing a deficiency determination within three years from the date of refund or credit or within the period otherwise allowed for issuing a deficiency determination, whichever expires later. The director shall enter into an agreement with any taxpayer unless the taxpayer agrees to electronically verify the work eligibility status of all newly hired employees employed in Nebraska within ninety days after the date of hire. For purposes of calculating any tax incentive under the act, the hours worked and compensation paid to an employee who has not been electronically verified or who is not eligible to work in Nebraska shall be excluded.

(7) A determination by the director that a location is not a qualified location or a determination by the Tax Commissioner that a taxpayer has failed to meet or maintain the required levels of employment or investment for incentives or exemptions, or does not otherwise qualify for incentives or exemptions, may be protested by the taxpayer to the Tax Commissioner within sixty days after the mailing to the taxpayer of the written notice of the proposed determination by the director or the Tax Commissioner, as applicable. Sec. 23. Section 77-6839, Revised Statutes Cumulative Supplement, 2020, is amended to read:

(3) The Department of Economic Development and the Department of Revenue shall jointly, on or before the fifteenth day of October and February of every year and the fifteenth day of April in odd-numbered years, make an estimate of the amount of sales and use tax refunds to be paid and tax credits to be estimated under the ImagINE Nebraska Act during the fiscal years to be forecast under Section 77-27,158. The estimate shall be based on the most recent data available, including pending and approved applications and updates thereof as are required by subdivision (1)(f) of section 77-6828. The estimate
shall be forwarded to the Legislative Fiscal Analyst and the Nebraska Economic Forecasting Advisory Board and made a part of the advisory forecast required by section 77-27,158.

(2)(a) In addition to the estimates required under subsection (1) of this section, the Department of Economic Development shall, on or before the fifteenth day of October and February of every year, make an estimate of the amount of sales and use tax refunds to be paid and tax credits to be used under the ImagiNE Nebraska Act for each of the upcoming three calendar years and shall report such estimate to the Governor. The estimate shall be based on the most recent data available, including pending and approved applications and updates thereof as are required by subdivision (1)(f) of section 77-6828. If the estimate for any such calendar year exceeds the base authority:

(i) The Department of Economic Development shall prepare an analysis explaining why the estimate exceeds the base authority. The department shall include such analysis in the report it submits to the Governor under this subsection; and

(ii) The director shall not approve any additional applications under the ImagiNE Nebraska Act that would include refunds or credits in the calendar year in which the base authority is projected to be exceeded. Applications shall be considered in the order in which they are received. Any applications that are not approved because the base authority has been exceeded shall be placed on a wait list in the order in which they were received and shall be given first priority once applications may again be approved. Applications on the wait list retain the same application date and base year as if they had been approved within the time set forth in section 77-6827.

(b) For purposes of this section, base authority means the total amount of refunds and credits that may be approved in any calendar year. Notwithstanding any other provision of the ImagiNE Nebraska Act to the contrary, no refunds may be paid and no credits may be used in any calendar year in excess of the base authority for such calendar year. The base authority shall be equal to twenty-five million dollars for calendar years 2021 and 2022, one hundred million dollars for calendar years 2023 and 2024, and one hundred fifty million dollars for calendar year 2025. Beginning with calendar year 2026 and every three years thereafter, the director shall adjust the base authority to an amount equal to three percent of the actual General Fund net receipts for the most recent fiscal year for which such information is available. Any amount of base authority that is unused in a calendar year shall carry forward to the following calendar year and shall be added to the limit applicable to such following calendar year, except that in no case shall the base authority for any calendar year prior to 2026 exceed four hundred million dollars.
