

One Hundred Eighth Legislature - First Session - 2023

Introducer's Statement of Intent

LB450

Chairperson: Senator Bruce Bostelman

Committee: Natural Resources

Date of Hearing: February 08, 2023

The intent of this bill is to prohibit the disposal of obsolete industrial wind turbine blades in Nebraska land fills in order to avoid the environmental damage caused by ground water leaching through the many hazardous materials found in these blades.

Principal Introducer: _____

Senator Tom Brewer
