

**One Hundred Eighth Legislature - First Session - 2023**

**Introducer's Statement of Intent**

**LB673**

---

**Chairperson: Senator Dave Murman**

**Committee: Education**

**Date of Hearing: January 31, 2023**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

Consistency is lacking in the types of maps provided to first responders and law enforcement by Nebraska's schools. LB 673 would grant funding to schools who apply to update their maps with emergency response mapping data. Specific requirements would ensure all data is similar and current. First responders would be able to enter emergency situations in confidence.
