This bill as amended by AM 999 would amend the permissible uses of the Medicaid Managed Care Excess Profit Fund to include reimbursement of the actual costs of providing eligibility activities and services described in Neb. Rev. Stat. § 81-2222 which describes activities under the Nebraska Community Aging Services Act. The bill states legislative intent to appropriate \$2 million from the Managed Care Excess Profit Fund to the area agencies on aging in equal amounts to each of the eight entities thereof.
