The intent of LB 538 is to address and prohibit discrimination, including antisemitic incidents, in Nebraska public K-12 schools and postsecondary institutions.

Section 6 requires that the Coordinating Commission for Postsecondary Education (CCPE) designate a Title VI coordinator who will monitor discrimination and harassment in public institutions. The coordinator will also be required to investigate all complaints of discrimination or harassment in public institutions and file an annual report. The coordinator may be required to file complaints with the United States Department of Education and the United States Department of Justice.

The CCPE believes an attorney would be best suited to perform these investigative duties and would request a 1.0 FTE position, operating expenses (phone and computer), and travel expenses related to investigations. CCPE estimates their expenses to total \$118,800 in FY27 and \$124,800 in FY28. The FY28 estimate will also be assumed for FY29. Expenditures by category are seen in the CCPE fiscal note response.

The Nebraska Department of Education (NDE) reports that a new Program Specialist II would be needed to investigate complaints and perform related tasks currently performed by the federal government, should LB 538 be enacted for the State of Nebraska. Expenditures by category are available in NDE's response (\$130,826 for FY27 and \$124,800 for FY28), though the amount of work is undeterminable at this time.

The Nebraska State College System and the University of Nebraska system report no additional expenditures are expected to result from the passage of LB 538. The Fiscal Office has no basis to disagree with the above responses.

The Community Colleges report annual expenditures of \$51,500 and \$53,405 respectively, which could be absorbed within FY27 appropriations exceeding \$398 million.

Explanation of Estimate:

Current requirements of federal civil rights law provide that any recipients of federal funds, whether that be a state agency, or political subdivision, are required to adhere to the requirements of the civil rights law, including having a complaint process. The bill appears to have the Legislature enact some of the same federal civil rights language, and then direct that the NDE investigate any complaints filed involving school districts.

Complaints, investigations, and enforcement of civil rights laws are currently carried out by the federal government, and not the NDE. If the Legislature enacts the bill requiring the NDE to do this work, then there is a fiscal impact as indicated to hire a person. However, the amount work is undeterminable at this time.

COMMENTS: No basis to disagree with Nebraska Community College Association's estimate of fiscal impact for FY 2026-27, but disagree with assessment of a 3% fiscal impact increase for FY 2027-28, as it would be more reasonable to anticipate a reduction in ongoing costs once the policy is in place.
