

One Hundred Ninth Legislature - First Session - 2025

Introducer's Statement of Intent

LB465

Chairperson: Senator Mike Moser

Committee: Transportation and Telecommunications

Date of Hearing: March 03, 2025

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 465 would bring Nebraska into conformity with a number of surrounding states by repealing the requirement that a driver obtain a vehicle inspection in order to drive for a transportation network company. LB 465 also provides flexibility to the Public Service Commission to set the annual fee for transportation network companies at an amount less than \$25,000 if the PSC so chooses to establish it at that lesser amount. Currently the statute provides that the fee is to be set at exactly \$25,000 annually.
