SPEAKER: Senator I'm sure there will be enough time for this, I think whenever you agree everything is ready

SENATOR LUETDKE: We'll still be in the same position next week I presume.

SPEAKER: Yes.

SENATOR LUETDKE: We could have it Monday of the following week, it would probably be better, so a week from next Monday.

SPEAKER: Alright, I suggest that we tentatively set it for then.

SENATOR LUETDKE: Is that alright?

SPEAKER: Yes the clerk will so note. Mr. Sgt At Arms.

SGT AT ARMS: Mr. President, your committee has called on the Governor's Office and are now ready to report to you.

SPEAKER: Will the committee please give its report Senator DeCamp.

SENATOR DE CAMP: Mr. President, the report is very brief, the Governor is not in, and the Governor's assistant, Norman Otto indicated that the Governor would come and give us a very friendly welcome on Thursday and that on a later date we would discuss issues.

SPEAKER: Senator Carpenter do you have a motion?

SENATOR CARPENTER: Mr. President, I move that we arrange to hold the inaugural ceremonies with the newly elected officers of the Board of Regents, State Board of Education, the Public Service Commission and retain members of the Workman's Compensation Court and the retained Justices of the Supreme Court on Thursday, January 4, 1973, at 2:00.

SPEAKER: You've heard the motion that's been seconded, is there any discussion? If not all those in favor say aye, those opposed no. The motion is carried.

CLERK: Mr. President I have a motion, I move that there be no smoking anywhere in the Chamber while the legislature is in session. Signed Senator Chambers.

SENATOR CHAMBERS: Mr. Speaker, and members of the legislature this is not done factitiously it's a serious motion I hope you will pass it, I've talked to smokers and non-smokers alike and I haven't encountered anybody who is opposed to it, so unless further discussion is necessary that's all that I'll say on it. I hope you vote to pass it, and I think it will bring us a bit closer to the dignity which as the legislature we are entitled to have.

SPEAKER: Now is there a second to that motion? Is there any discussion, Senator Stromer.

SENATOR STROMER: Mr. Speaker I was merely seconding the motion, but I would second everything that Senator Chambers has said concerning this motion, and I think without any further discussion I think it's a very worthy motion and I hope that we do pass it.

SPEAKER: Is there further discussion? Senator Simpson is just putting out his cigarette, Senator Simpson.

SENATOR SIMPSON: Mr. President, I would first like to have a clarification if this is a rule change, or addition to the rules?
