

LB 56

January 19, 1973

Senator I presume that if somebody has a particular objection that we might pass it over depending on the wishes of the body but are there any objections now to Senator Kremer's motion that we go ahead on General File even though we do not have the committee statements but the introducer will have to carefully explain the bill to us. Seeing objection, it is so ordered. In that event, we'll refer back to Senator Duis' LB 56. Mr. Clerk, I believe you should read the title
