SPEAKER: The motion is to unanimous consent motion Senator, to withdraw the, excuse me, the unanimous consent motion to withdraw your motion to indefinitely postpone, are there objections to that, Senator Nore, do you object? Yes or no.

SENATOR NORE: What are you talking about?

SPEAKER: Pardon me sir? Yes or no because it's not debatable if you object - Thank you sir. Okay the motion is now withdrawn, we are now back to Senator Whitney and his LB 152 as amended. Now Senator Nore, did you wish to be recognized?

SENATOR NORE: Yes.

SPEAKER: To speak on the bill.

SENATOR NORE: Mr. President and fellow members, I would like to know how Scottsbluff county gets all the box cars it needs when we have almost a disaster in Wance and Platte county and all over, most all over Nebraska -

SENATOR CARPENTER: We have a damn good Senator who's a friend of the railroad.

SPEAKER: Does that answer your question?

SENATOR NORE: I would like to say there must be discrimination there towards Scottsbluff, I don't know.

SPEAKER: We are back to Senator Whitney and what's your pleasure regarding the bill Senator?

SENATOR WHITNEY: Mr. President, I move that the bill be advanced to E&R initial, I feel that we do know what's in the bill. Senator Carpenter asked me a question that I did not understand his question -

SENATOR CARPENTER: Oh -

SENATOR WHITNEY: I thought he asked the question does the roads department have the power now to set the maximum load weight when they issue permits for motor vehicles traveling over roads, and my answer was yes. They do have that power now, that's what I understood his question was, that wasn't his question, I don't know what his question was, still don't know
