

LB 176
February 9, 1973

purchase because of the equipment that is on it so you can get in, so you can drive it, so you can handle it and make use of this car in your..where ever you wish to go. Now, if this car has cost him \$500 to \$1000, that's \$25.00 more sales tax that they are paying. I don't know why the committee seen fit to say that they would not give them their license free, so I ask that we strike the committee amendment and go ahead and pass the bill as it was in its original form. I move that we strike the committee amendment.

SPEAKER: Well, we have the motion before us to adopt or not and that's sufficient Senator Keyes.

SENATOR KEYES: So, I just ask that you vote against accepting the committee amendments.

SPEAKER: The question is shall the committee amendment be adopted. All those in favor vote aye. All those opposed vote no. The question is shall the committee amendment be adopted. All those in favor vote aye. All those opposed vote no. Have you all voted? Senator Keyes.

SENATOR KEYES: At this state, I'd like to ask for a point of personal privilege. This license..

SPEAKER: State your point, Senator.

SENATOR KEYES: This license, I think, is \$15.00. Isn't that what our license cost us. Fifty of them would be \$750.00 that the state of Nebraska would be asked to give..

SPEAKER: Senator Keyes, you really can't explain something on a point of personal privilege here when we have something under vote.

SENATOR KEYES: Well, I'm a little amazed at the vote that's up there, I guess.

SPEAKER: Well, that's the way it is. Is there any..have you all voted? The clerk will record.

CLERK: 18 ayes, 8 nays, Mr. President.

SPEAKER: Alright, the committee amendment is adopted. Now, Senator Keyes, you have the bill with the committee amendment.

SENATOR KEYES: It puts me in rather a unique place.

SPEAKER: The chair recognizes that.

SENATOR KEYES: Because of the fact that probably \$750.00 of our money would have gone to offer licenses to people that do not have a means of making a living like you and I do. We come along this morning and we give the NRD districts the right to buy these automobiles without paying the tax and these automobiles are a part of the salaries of the people who work for these districts. All these places in this state that we give the right to purchase cars are working for the state non-profit organizations and they get their cars without paying the taxes and we come to a group of people that need this, that certainly are an asset to this community and are not asking anything else and we turn them down. I move for the advancement of the Bill to E & R and I, probably will offer an amendment there.

SPEAKER: The chair recognizes Senator Barnett. We are speaking on LB 176 as amended.

SENATOR BARNETT: I wonder if Senator Kremer would yield to a question.

SPEAKER: Senator Kremer, will you yield to a question?
