SENATOR KEYES: Every man is concerned about his own business, and I can understand you being concerned about yours, but I have concerns about others, and so I just wonder if we really down in our heart want to make everybody a policeman.

SPEAKER: Alright, Senator Kime, I believe we are back to you and your bill. Is there any further discussion of Senator Kime's LB 201A. Senator Kime do you care to close on your bill?

SENATOR KIME: Mr. President
