

February 15, 1973

absent I think there should be a reasoning for people if they don't attend meetings that they should no longer be on the commission, but probably we should allow in there that they could have excused absences if they were sick or so on, I think there might be some type of compromise, because there could be some merit to these amendments but I would have to vote against them if they stay in their present -

SPEAKER: Senator Stahmer is yielding the floor to

(End of Belt #6)
