

L.B. 213

I think that the bill he has introduced is an excellent bill. He has pointed out that he is attempting to zero in on a, only a small percentage, 4% he's pointed out, of the persons who have had their drivers' licenses revoked. These are the habitual offenders. I think the State of Nebraska should say that we don't want these people on the road. I think this is good legislation. He is also saying that the committee amendment should be rejected. I think if you will consider how these amendments are written, you'd realize that the committee amendments would completely destroy the intent of the bill so I hope that we will reject the committee amendment that we will adopt Senator Richendifer's bill.

SPEAKER: Senator Richendifer, do you care to close on your motion.

SENATOR RICHENDIFER: No.

SPEAKER: No closing. Those in favor of rejecting the committee amendments, vote aye. Those opposed vote nay. Have you all voted? Clerk will record.

CLERK: 21 ayes, 3 nays, Mr. President, on a motion to reject.

SPEAKER: The committee amendments are rejected. Senator Richendifer.

SENATOR RICHENDIFER: Mr. President and Members of the Legislature, I move that the, L.B. 16-- , 213 be advanced to E&R initial. I'm not so naive as to think that this bill is a cure all, but it does give the courts a tool. If you had been able to see some of these driving records, these people are still on the road
