

February 23, 1973

pertaining to the establishment of a controller which will further take away the DAS to the point that the Governor would select if the bill is passed, one out of three that would be submitted to him under conditions that haven't been arrived at yet. But, these two bills have the purpose and the meaning of the consolidation in the area of DAS which is more meaningful and more considerate of this body. I move the bill be adopted..moved from General File to E & R Initial.

SPEAKER: Is there any further discussion of the bill. The question is shall LB 246 as amended be advanced from General File to E & R Initial. All those in favor vote aye. All those opposed vote no. Once again, have you all voted? The clerk will record the vote.

CLERK: 27 ayes, 0 nays, 22 not voting, Mr. President.

SPEAKER: The bill is advanced. We are ready for the General File consideration of LB 335. Senator Burbach's bill.

CLERK: Read title. LB 335. Mr. President, there is a committee amendment by Senator Kremer's Public Works Committee.

SPEAKER: The chair recognizes Senator Irving Wiltse.

SENATOR WILTSE: This a very simple amendment due to a typographical error by those who has printed the bill. We are changing, deleting 2-15050<sup>4</sup> and inserting 2-15170<sup>4</sup>. If you will note, there is only one figure that was wrong. They may have hit the wrong instrument when they typed it. I move that the amendment be accepted.

SPEAKER: Is there any further discussion of the amendment? The question is..the question is shall the amendment be adopted. All those in favor say aye. Those opposed say no. So ordered. The amendment is adopted. Senator Burbach, back to you.

SENATOR BURBACH: Mr. President, members of the Legislature, those of you who were here last year will remember the series of bills pertaining to NRD that we discussed on this..by this body last year. There was an amendment offered to strike the SWCD's and make them a part of the NRDs. I opposed that legislation at that time, but this body prevailed that the SWCD's be merged.

(End of Belt #6)
