

March 1, 1973

SPEAKER: Senator Kennedy.

SENATOR KENNEDY: Mr. President and fellow members I rise to bring to your attention that I ask if the director of Health had to be an M.D. in qualifications and I will have to say that the senior law student that was doing the research for me brought me back a report saying, that this did not have to be, that they had to have qualified doctors within that health department, which they do have and so I think maybe I'm not sure whether this is true or not, but Ron Frank this law student, did bring that back to me saying that was not so, now I ask that very question, so I would like to bring that question to Senator Warner, maybe he has more definite information on that.

SPEAKER: Senator Warner.

SENATOR WARNER: Mr. President, I
