

we can all recognize you.

SENATOR CARSTENS: Mr. President and Members of the body, a point of personal privilege.

SPEAKER: State your point.

SENATOR CARSTENS: I'm grateful to the honorable Senator from Omaha for this recognition and I, I want to say this all happened more years ago than I care to mention but it was a grand experience and I'm not ashamed to have played with those boys in that game. They were a fine bunch of boys and they did go on and make some fine records for the University of Nebraska. Thanks again.

SPEAKER: Chair recognizes Senator Barnett.

SENATOR BARNETT: Mr. Chairman, I'd like to speak on a point of personal privilege. I didn't play anywhere, Frank,

SPEAKER: State your point.

SENATOR BARNETT: I would like to take this minute to relay to the body in the event that you haven't heard, that northeast Lincoln, which is the heart of Nebraskaland, has again come through with another champion. I think that everybody's aware that Omaha West Side gave us quite a tussle but there is no sense in feeling bad, the cream usually comes to the top and in this case it did. We have what I would say, one of the finest group of young men that was on that team and probably the best coach, as far as I'm concerned, in the State of Nebraska in basketball, who is a master as far as I'm concerned, Mr. Ed Johnson and I'd like to take this moment to let you people know that again we come through with a champion in the good area--the Northeast area of Lincoln.

SPEAKER: Any further sports speeches? Chair would like to recognize a group of 4th grade students, 28 of them from Calvert School in Lincoln with their teacher, Mrs. Donna Mowry. They are in Senator Marsh's district and we're very happy that you're taking an interest in government and visiting the Legislature this morning. Mr. Clerk are there any resolutions?

CLERK: None, Mr. President.

SPEAKER: Any new bills?

CLERK: Yes, Mr. President. (bill read).

SPEAKER: Senator Kennedy.

SENATOR KENNEDY: Mr. President and fellow Members. This was a bill that got lost somewhere and it does take a certain requirement in the law to give the privilege for the ETV to have a programming for the aged and this is planned for probably half an hour once a week or whenever they may desire and this is a request that got lost somewhere in somebody's file and it was given to our committee and I think it's a worthy cause and would ask for the introduction of this bill at this time. Any questions?

SPEAKER: Any questions or comments on the introduction of the bill. This requires 30 votes. Senator Carpenter.

SENATOR CARPENTER: A point of order. Don't you think we can do this by resolution? Just as effectively?

SPEAKER: Senator Kennedy?
