reason he agreed to this bill and he changed his position as a result of a compromise because he and the Building Commission have the same responsibility they have ever...always had, but they have also agreed that insofar as the interior is concerned, the area in which this body will occupy it, probably, then our viewpoint should and will and I hope...and I'm sure it will be taken into consideration.

SPEAKER: Senator Carpenter, did you wish to change an "or" to "and".

SENATOR CARPENTER: Yes, I so....

SPEAKER: And Senator Kremer agreed to this and you would ask unanimous consent, I presume then, to make that a part of your amendment. Is there any objection to changing that word? Senator Whitney.

SENATOR WHITNEY: Mr. President, please tell me where in the amendment that we change the....on the back side, the first line.

SENATOR CARPENTER: Yes, where it says by the Commission or the Legislature. Then it would say by the Commission and the Legislature.

SPEAKER: Now, Senator Whitney, he is just asking unanimous consent to make that his amendment. I think that would be in order, unless somebody objects. If there are no objections, that will be the way the Senator Carpenter's amendment to the Committee amendment now read. That's so ordered. Senator Stahmer.

SENATOR STAHMER: Mr. President, members of the body, Senator Carpenter, would you yield to a question please? As I read your amendment here, you are suggesting near the bottom of
