SPEAKER: Because an unanimous consent motion. Senator, and if someone objects to it, that's all. Then, it has to be... That's fine. The debate is fine, but you can't amend the bill as it is here right now. The bill has to go on, then you will have to make a specific amendment and the bill has to be brought back. While a bill is ascending on Select File, you can't amend it only by unanimous consent. You didn't have unanimous consent, so therefore, it can't be amended. There isn't really any need then for further discussion. That really terminates the discussion on the bill as far as that particular motion is concerned at that time.

SENATOR BARNETT: That's very clear. I really don't know what you said. I tell you what I want to do. Right now, I move to indefinitely postpone LB 194.

SPEAKER: The body now has before it Senator Barnett's motion to indefinitely postpone LB 194. Senator Carpenter.

SENATOR CARPENTER: Now, Mr. President, a matter of personal privilege. I don't think we should have left this thing get carried away with itself and I would hope that Senator would withdraw his motion to kill it. I've got no interest in the bill. I've got an interest in my associates. Now, may I ask a point of order? Finish what you are doing there.

SPEAKER: That's all right. Go ahead, sir.

SENATOR CARPENTER: Let's presume that there is an objection to the unanimous consent. How do we then, by what motion, move the bill backwards or forwards in order to get a vote on it.

SPEAKER: Well, the bill would just have to be advanced by Senator Cavanaugh. To be advanced to E & R for engrossing and then, someone has to make a motion to bring the bill back for a specific amendment which then, of course, takes a majority vote.

SENATOR CARPENTER: Then, I'd suggest to Senator Barnett that he withdraw his motion.

SENATOR BARNETT: Mr. Chairman, Mr. President, I withdraw my motion then and then look forward to doing that when it gets to the proper time.

SPEAKER: Very good. Now, just a minute.

SENATOR CARPENTER: I move the bill be advanced to E & R....

CLERK: I have another motion now, Mr. President.

SPEAKER: Stand by.

CLERK: Read motion.

SPEAKER: Stand by. We have Senator Barnett's motion that he's asking to withdraw. Are there objections to his withdrawal of that motion? Senator Duis, do you object to Senator Barnett's withdrawal of his motion to indefinitely postpone? Senator Duis.

SENATOR DUIS: Mr. President, I
