

March 16, 1973

SENATOR MAHONEY: Mr. President, just one minute of the legislature's time, I rise this morning to assist Senator Duis' with his bill from the eastern part of the state from Omaha, I feel that his problem is our problem and the area of the state that he represents, it is most necessary that this school be continued, I can remember when this school was founded, before Senator Duis had arrived here in the legislature for his second time

(End of Belt #7)
