

March 23, 1973

SENATOR MARVEL: On a motion to advance 523 to E&R initial, this is deficiency appropriation that occurs every year, because the homestead exemption formula can only be implemented after the fact, and so this is the extra money that we have pledged ourselves needs to go to homestead exemption, and so that's what this bill is and that's what the amount is, so this is an automatic, mathematical transaction, so with that I, unless there are questions I renew the motion to advance the bill.

SPEAKER: Senator Stahmer, or was Senator Proud going to speak first?

SENATOR PROUD: No Mr. President I don't have anything to do with this bill, I just, it's questionable under the law or not I had to introduce it for the Governor, but I was merely the tool to put it in here, so it's Senator Marvel's responsibility.

SPEAKER: Any further discussion on the bill? All those in favor of advancing the bill vote aye, all those opposed vote no. Aye.

CLERK: Senator Chambers voting aye.

SPEAKER: The Clerk will record.
