

March 27, 1973

SENATOR WARNER: Yes 736. I'd like to move to substitute the original draft of my proposed change in lieu of the committee proposal which all bills would remain on general file where they are or on the board where they are, but it would permit a committee to hold bills which they are going to be using for interim study purposes. That would be the only change.

PRESIDENT: Alright, Senator Snyder do you want to speak to that motion then, Senator Warner has asked to substitute the language on page 736 or that on 835 in the rule change, are you passing then? We are on the proposed, Rule 5, Section 13, it's the one we are on and now Senator Warner suggesting the alternate of the language on 736, Senator Snyder.

SENATOR SNYDER: They both deal with the same section.

PRESIDENT: That is correct.

(End of Belt #3)
