Board had made formal application requesting that Pershing College be turned over to them, I would like to ask you has the Board of Regents made any formal application requesting that Hiram Scott be turned over.

SENATOR CARPENTER: To my knowledge, I do not know, but I would presume, and it is only presumption, that the Chancellor, the President doesn't act without the knowledge and the consent of the Board of Regents, particularly in a matter of this size. We have a member of the Board of Regents in Scotts-bluff
