losses that farmers sustain, farmers sustain in livestock and the additional losses and repair of feedlots and farms and things of that nature, equipment that was damaged and broken down and worn out during this miserable winter including their automotive and power equipment of all kinds. It is going to hit the farmers far beyond anything that anybody realizes up to this time and I do not believe--I do not know on this motion. I, I'm inclined to go along with it in a way but I, I, I'm just not sure that it is going to accomplish what the Governor promised, that we're have--we may have a one shot reduction, one year reduction or two year reduction at the most in the tax rates, but if we're going to have to do this at the cost of spending our trust funds that we receive from revenue
