equalization formula being applied to this bill, they will get no benefits and in my opinion these-- and there are many of these districts and obviously I'm in one of them. They, they will get no and they really need probably tax relief more than any other area probably in the State even more than the homeowner in the town that's paying a high mill levy on a relatively low assessed valuation and without the formula Senator Lewis wants to apply to this, there would be little or no benefit to these particular areas so I support Senator Lewis' amendments.

SPEAKER: Senator Warner.

SENATOR WARNER: Mr. President, I merely rise to explain perhaps the committee amendments. It would seem appropriate at this time as this is offered as
