SENATOR CHAMBERS: And Senator Whitney's too. What he's concerned about is not what I'm concerned about and I think the people should have it clearly in their mind, the main thrust of what my interest is and if they want to amend the bill to take care of the kind of thing Senator Whitney is talking about, I don't object to that at all. As I told Senator Schmit, I'd vote for it. I don't want the bill to be unreasonable but there are certain obvious things that I think are clear to this body that ought to be dealt with legislatively since they can't be handled any other way.

PRESIDENT: All right, now Senator Barnett, did you wish to be heard on this issue?

SENATOR BARNETT: I'd like to ask a question of Senator Snyder first and then probably Senator Goodrich after Senator Snyder gets done.

PRESIDENT: Okay, Senator Snyder, will you yield to a question?

SENATOR BARNETT: Senator Snyder, you've heard the proposed amendment of Senator Schmit's. Would this remove your objection from the bill?

SENATOR SNYDER: Senator Barnett, what I would prefer to do is have the bill bracketed and let Senator Chambers show the proposed amendment to the parties who opposed the bill in the first place.

SENATOR BARNETT: Well, I'm talking about what you heard Senator Schmit say. What he intends to put on as an amendment, would this clear up some of your objection?

SENATOR SNYDER: At this time I'll say no.

SENATOR BARNETT: Senator Goodrich, would you yield to a question?

PRESIDENT: Senator Goodrich yield?

SENATOR BARNETT: You have heard Senator Schmit tell about the amendment he wants to add to this bill. Would this remove your objection?

SENATOR GOODRICH: Frankly I don't know, I didn't hear Senator Schmit's amendment. I was busy with Senator Carpenter working on another matter.

SENATOR BARNETT: Okay, well...

SENATOR GOODRICH: If you'd explain it to me what it is, I'll be glad to answer you.

SENATOR BARNETT: Well, he said that what he was going to try to do was put an amendment on that would not prohibit police officers from having memberships in clubs so that it would not prevent them from attending a club with a membership and so forth like that just so that they would they wouldn't have a monetary interest in it.

SENATOR GOODRICH: If you'll also add that they shall not, that they can have ownership of stock in a corporation, for example, that has a license as long as they do not participate in the management of that corporation. For example, they don't participate in the United Airlines just because they own stock in United Airlines.

SENATOR BARNETT: But if Mickeys in Omaha had a corporation running it they could be into that one. So you'd want that eliminated too then wouldn't you? That type of corporation?
