emergency that this bill has to be passed this session. I wholeheartedly concur with Senator Skarda. I can see nothing wrong with at least letting this have an opportunity to rest and have everyone take a chance and look at it and see if it will come back into our cities and make it so that we cannot change certain speed laws and certain other laws and that we would be taking away the rights of the villages, the towns, the cities in the state from setting their own laws and having the state do it for them.

PRESIDENT: Senator Duis.
