let Mr. Nixon get away because I can not vote for his impeachment, but I'm not going to let the legislature get away scott free, there has been some guilt of omission on the part of this body. Maybe the words I'm saying will not help anybody to change their mind and vote for the bills that I think ought to be voted for, but at least I will be on record as taking the position which I feel is my responsibility to take. Each one of you can do as you please, or as you were lead.

SPEAKER: The chair would like to take this time to introduce some school children. First of all from Cardinal Spellman School in Omaha, 52 sixth graders with Sister Mary McElmeel and Mrs. Van Houten. They are in the north balcony and they are in Senator Frank Lewis's district. In Bellevue right. We're glad to have you here today and also from St. Joseph's school at York. We have 45 3rd the 4th graders. They have with them teachers, Miss Ruth Goodrich and Mrs. Margaret Sobolik. They are in the north balcony also and they are in Senator Epke's district. We're sorry that Senator Epke was delayed and is not here this morning to greet you, but we're happy to have all of you here this morning. We have gotten a little bit off the subject. We have some people that want to speak and I'm going to get a little tougher on what we talk about. Maybe Senator Syas, and the next one that asked the floor and for what purpose, Senator Syas.

SENATOR SYSAS: I think we should better, tomorrow is the last day to advance
