

that we have a roll call vote. Lets get on record what we want to do. Let everybody know what we want to do.

PRESIDENT: Stand by. Senator Duis do you have some in-put here. We are still under a call of the house gentlemen.

SENATOR DUIS: If I might I would suggest that the motion as put by Senator Proud is a technical part of this. If he made a motion to return for a specific amendment to strike all of those, then he has a motion and then when it gets back to Select File, if it does, then the motion required then would be for a division of the question Then if the division of the question carried then you would take everyone by itself. Now I will respect the judgment of the Chair but I think that the Chair has the right to make a decision and the only way we can counteract that decision is to have someone challenge the decision of the chair.

PRESIDENT: Well we haven't returned the bill yet so lets do this. Roll call vote on the....Question is shall LB256 be returned to Select File for specific amendment. All those in favor vote aye, those opposed vote no. Yes I hear him he is going to read it.

CLERK: Voting record on page 1782 in the Legislative Journal. 25 Ayes, 21 Nays and 3 not voting.

PRESIDENT: I remind the body that we are still under a call of the house. Could we have the tally on the.....LB256 is returned then to Select File for specific amendment. Senator Duis.

SENATOR DUIS: Mr. President, I wish to explain my not voting I did that for a particular reason because I feel that I am going to be caught in a rules conflict between both sides and I didn't want one side to feel as though I was on the other side, so I am going to remain neutral on this return of it and I am going to become involved I'm pretty sure in just a moment.

PRESIDENT: Senator Waldron for what purpose do you rise? Senator Murphy for what purpose do you rise?

SENATOR MURPHY: I move the call be raised.

PRESIDENT: Motion is to raise the call. All those in favor of raising the call say aye, those opposed vote no. Clerk will record.

CLERK: 33 Ayes and 1 nay to raise the call.

PRESIDENT: Good, the call is raised. Now the....alright Senator Chambers did you wish to be recognized?

SENATOR CHAMBERS: Mr. Speaker, members of the Legislature, I don't know what action is going to be taken as far as the way these amendments are to be considered but mine was not made in jest, and I'm not willingly going to consent to mine being lumped with all of the rest and I accept it or reject it on that basis. If the motion to return for a specific amendment to select file and then readvancing and then returning again is required then that is what I am going to insist on. There are a lot of people who are playing games now because they have to stand for reelection and I watched some people change the vote from the way the punched it on that board to the way they spoke
