

(start belt #8)

I realize that at times and I believe that he would agree Senator Chambers gets a little emotional and so do I. So do all of us. But let me put this thought to you. It may be and it may well be and I'm afraid that maybe it is that you can get your way in this legislature by calling everybody pigs. Maybe you can and maybe that is the key to getting your way. So maybe Senator Chambers will have his way this morning but now I put this motion on all of the bills. On all the amendments that we adopted Tuesday to increase the budget. Yet I know that there are some things that are needed and maybe they all are in a way. But the point again is this that Senator Marvel as I understand him has said. If we do not reject these amendments then we completely disregard our budgetary process and that is important, and that is extremely important. That process is there for a reason. So I'm not going to speak on all of the amendments I'm just going to urge you to vote for my motion on each one of them. That is not going to put this state in a bind in any manner shape or form. We will be back here in about 6 months at which time hopefully the budget committee will have reconsidered everything and there is a lot of money in this capital construction budget anyway. Some 18 million dollars and I see....I don't see how in the world you can justify almost doubling that budget particularly with the few votes that were there to adopt these amendments. If you don't reject this 15 million the Governor is going to be gleeful. If I were the Governor I would be the same way. Because he is going to have the last laugh. You don't take this 15 million off and justly so.

PRESIDENT: Chair recognizes Senator Kelly.

CLERK: Motion on the desk Mr. President.

PRESIDENT: Read the motion.

CLERK: Read

PRESIDENT: Chair recognizes SENator Savage.

SENATOR SAVAGE: I'm asking for the question.

PRESIDENT: Senator Savage is asking for reconsideration of the question. Is there need for discussion of that? Did you move the question also Senator Savage? There was no, there is no opening or no closing therefore the question is shall we reconsider the action on LB256, all those in favor vote aye, those.....Senator Carpenter.

SENATOR CARPENTER: What do you mean that there is no....does anyone right...does anyone have the right to say anything on the motion?

PRESIDENT: There was no opening and there is no closing. A simple motion was just to reconsider.

SENATOR CARPENTER: A matter of personal privilege, is that in order.

PRESIDENT: State your point Senator.

SENATOR CARPENTER: On this floor this morning this....there was a lot of misinformation given not intentionally but otherwise and I would like to ask Senator Marvel a couple of questions of...if the Chair would permit.

PRESIDENT: Senator Marvel would you yield?
