

May 16, 1973

this would do would be to shift this to the students. Now I think that the OK Wayne is in a different position than the rest of them because Wayne has a plant that is run by whatever the Iowa designation for Northern Natural Gas is, Peoples Company, Peoples Natural Gas, so Wayne is in a different position. What they are trying to do is to transfer the cost which amounts to \$118,000 a year from the plant to the students. Now, the University of Nebraska has the same privilege but they don't exercise this right.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: Can I ask him a question. Why didn't the budget committee recommend the \$118,000?

SENATOR MARVEL: We didn't recommend the \$118,000 because we first of all it is on the standing committee amendments but it was not in the Governor's budget, that is the deal. In other words when we adopted 259 without any amendments we a..a..this took the \$118,000 out. It was part of the committee recommendations. I think that frankly, you can look at this either way. The committee decided, although let me say that the committee proved this, but let me say that Wayne did not do a good job of justifying that particular figure.

SENATOR CARPENTER: That answers my question.

PRESIDENT: For what purpose do you rise Senator Goodrich?

SENATOR GOODRICH: Move that LB582 be advanced to E & R, lets get it over with.

PRESIDENT: Alright, are there any other amendments to the bill? Question is, are you through discussing the bill? Question then is shall 582 be advanced from Select File to E & R for engrossing. All those in favor say aye, those opposed...excuse me all those in favor vote aye, those opposed vote no. Motion is to advance 582 from Select File to E & R engrossing. Have you all voted? Clerk will record.

CLERK: 30 Ayes, 1 Nay and 18 not voting Mr. President.

PRESIDENT: Bill is advanced. We have some reports on the desk.

CLERK: Read.

(end belt #21)

(start belt #22)

PRESIDENT: Senator Frank Lewis.

SENATOR LEWIS: Mr. Chairman, I would ask unanimous consent 172 been reported back to Select File it is just for E & R amendments and this would allow me to move it across so that it could be voted upon Friday. I believe that is right, isn't it Vince?

CLERK: Maybe you would want to advance all of those.

SENATOR LEWIS: Alright, that is fine, in otherwords they are just E & R amendments and that would move the process so Mr. President, I move that we advance the bills that were just reported out for E & R amendments to a from Select File to E 7 R for engrossing.
