

January 31, 1974

not there they take steps to take the ropes down so we have ready access in and out of the west door. I move for the adoption of the motion.

PRESIDENT: The Chair recognizes Senator Syas. Do you want to speak on the motion, Senator. It is a little hard to tell when the light goes on what motion you want to speak on. Is there further discussion of this particular motion. Senator Murphy did you want to be heard on the Carpenter motion.

SENATOR MURPHY: And all concerned, it stretches from pillar to pillar.

PRESIDENT: Well, thank you. Further discussion of the motion. All right, the question is then; do you want to sustain Senator Carpenter's motion regarding the west exit. All those in favor of Senator Carpenter's motion will vote aye. All those opposed will vote no. This is a motion in favor of Senator Carpenter. This is Senator Carpenter's motion is support of keeping the door open after the workmen have left. Have you all voted? Clerk will record.

CLERK: 34 ayes, no nays, Mr. President.

PRESIDENT: Motion carries. The Chair recognizes Senator Syas.

SENATOR SYAS: I just want to ask the Chair or somebody a question.

PRESIDENT: Go ahead.

SENATOR SYAS: The east end of this chamber, if you go out you try to...if you go out there into the lobby of the capitol. I suppose maybe you should hire a guard because there are so darn many people in front of you you can't get through. I'd like to have it so you could get out and in the door. I'm in favor of lobbyists and other people. But can't we do something so that if you do go out there you can at least open the door.. to get out..and get back in without trying to weave your way through a mass of humanity.

PRESIDENT: Good point, Senator. The Chair would call this to the attention of the Sergeant of Arms. Senator Syas has asked the Sergeant of Arms back there, you try to keep the little small

vestibule open so that at least you can get in and out of the doors. And the Chair would observe that the Chair has also had some of the same difficulty. I think that after this session is over with. That probably is one of the most difficult times too and that in eventually you kind of have to herd the people on out. But anyway do what you can back there, and we appreciate your help. Senator Syas I'm sure that he heard it and he has responded. I'm sure they will take care of it. Do we have any other bills for introduction?

CLERK: Motion on the desk, Mr. President.

PRESIDENT: Read the motion.
