

So I guess what I am asking Mr. President, that this bill be put back on General File with the committee amendment that was adopted by the committee in executive session and take it from there and let any further amendments that want to be put on it be put on in a proper normal manner before this entire body with everyone being aware of what is happening.

PRESIDENT: Well your motion then is to return, I'm sorry I don't even know the number of the bill.

SENATOR DICKINSON: 813.

PRESIDENT: 813, that is correct, thank you. Your motion now is to return LB813 to General File for what purpose, I'm sorry but I didn't catch...

SENATOR DICKINSON: The purpose to restore the only amendment that was adopted by the committee in executive session.

PRESIDENT: Alright....

SENATOR DICKINSON: Any other amendments then that would want to be offered would be perfectly proper.

PRESIDENT: Alright, Senator Mahoney.

SENATOR MAHONEY: Mr. President, I don't object to the amendment, Senator Simpson and I discussed this building, or this bill when Senator Jim was absent between 11:00 and he asked to be excused and that was fine, and he was excused and the bill came up. This amendment will be fine with me. We can bring it back to General File if Senator Simpson has agreed to this, and place the amendment on and send it on its way. If that is what you would like to do. I have another choice of the amendment. Instead of using the word Metro I would like to ask you Senator Dickinson, would you be agreeable that this a school system there be called the Syas Vocational Technical Colleges, Metro or Syas Vocational Schools. There is a machinist in this particular avocation and the Dean of our Legislature. I think that Metro or Syas School of Vocational Education would be fine.

SENATOR DICKINSON: Are you asking for an answer to that question? Obviously it doesn't merit one.

PRESIDENT: Senator Dickinson, do you care to respond?

SENATOR DICKINSON: Senator Mahoney, I don't understand what he is asking. I'm simply asking that the obviously legitimate thing be done, that this bill be taken back, put the correct committee on it and then from that point on, we will decide what procedure should be taken. I'm not asking to have it be brought back as Senator Mahoney seems to be putting words in my mouth to put on the other amendment on General File. He may do that if he so wishes.

PRESIDENT: Alright, Senator Skarda. Motion is to return LB813 to General File.

SENATOR SKARDA: Mr. President, members, I'm getting a little unhappy about those that are not present and in their seats and after we pass some legislation what...privileged character and have it reconsidered for their own personal benefit. I think that it is high time that we take a back up the committee
