SENATOR CHAMBERS: Mr. President, this ties in with what Senator Carpenter says if you're going to entertain what he said, then I ought to know the statement that I'm being required to prove. And if I can't prove it, then that will be established. But I ought to know what the statement is and so should the Body since they're being asked to entertain it.

PRESIDENT: I think Senator Carpenter will give you that statement in writing.

SENATOR CARPENTER: I say it's a lie, I want him to prove it. Your committee ought to determine whether he's lying or whether he didn't. He says it's hearsay. Prove it. If it's true, I ought to be run out of this Body.

PRESIDENT: The motion is...we'll take a voice vote to recess until 2:00 o'clock. Those in favor say aye. Those opposed say no. We recess until 2:00 o'clock.
