

is a motion to reject the committee amendments, signed Senator Duis.

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, I ask that the committee amendments be rejected because they barely change the word man to shall and we found out afterwards that the a...a..that this would put a lot of airport authorities in a bad spot having to go back in regards to their mil levy having been compulsory every year instead of the possibility that they may and so I would have to reject the committee amendments and I am sure that this is alright with Senator Richendifer.

SENATOR RICHENDIFER: Yes, I would ask a question.

PRESIDENT: Senator Richendifer would like to ask Senator Duis a question.

SENATOR RICHENDIFER: reject the committee amendments?

PRESIDENT: Does this mean both one and two on the committee amendments Senator Duis? The motion is reject the committee amendments. Those in favor say aye, those opposed say no. Committee amendments are rejected.

CLERK: There is another motion on the desk Mr. President.

PRESIDENT: Read the motion.

CLERK: Read motion

PRESIDENT: Senator Stull.

SENATOR STULL: Mr. President, members of the legislature, I think that we want may inserted there instead of shall. What we want to do on page 4 to have it read the governing body may, then record or reject or require but not there after approval of the same by the majority vote of the governing body and then insert a period, strike the rest of line four all of line five and election in six.

CLERK: Read....by rejecting....you are reinstating the committee amendments?

SENATOR STULL: No.

PRESIDENT: Senator Stull has withdrawn his amendment.

CLERK: There are no further amendments Mr. President.

PRESIDENT: Senator Richendifer, do you wish to explain the bill?

SENATOR RICHENDIFER: Mr. Chairman, members of the legislature all this bill does is that it allows villages to participate in the two mil levy with the permission of the board. There are only four village board authorities in the state of Nebraska. Cedar Rapids, Greeley, Hemingsford and Pender. They each are allowed now one mil levy and if they want to make additional improvements there just isn't the money there due to inflation, so I would ask unanimous consent to advance the bill 796 from general file to E & P Initial.

PRESIDENT: Senator Skarda.
