

CLERK: Read LB713

PRESIDENT: Senator Barnett, do you want to take up your amendment, sir?

SENATOR BARNETT: Mr. President, members of the legislature, I don't believe that they are controversial amendments, I would move for the adoption of the amendments. I can tell you what they do. This is part of the dilemma that got into in the Lincoln Discussion with Judge Hastings ruling that this is one place that we found out that the retail establishments that can be built into these places can not be built into it with tax money and LB713 would remove this provision and remove this objection of Judge Hastings. I have talked to Senator Snyder about this on two or three occasions and he said that this was fine with him to add them. This is where the bill drafters office, the city attorney's office and everybody feels that we can take care of one of the problems that we have with the city of Lincoln on this Central Building that they are going to try and build at 12th and "O" We would like to have the approval of this legislature to add this amendment to it so that we could get one of the objections out of the way and therefore I would so move for the adoption of the amendment.

PRESIDENT: Is there further discussion of the Barnett amendments to LB713? Senator Kelly I see your light is on, I'm wondering if you are interested in in-put? OK, Senator Kremer your light is on are you interested in discussing the bill? Thank you.
