

PRESIDENT: Chair recognizes Senator Snyder.

SENATOR SNYDER: Mr. President, I want to make sure first of all sure that we are talking about the proper minutes in our books. I believe that 616 that we are now talking about is the new bill that is printed in the books, is that true? Do you have a copy of it Mr. Clerk? It came in after the committee amendments.

PRESIDENT: Stand by here a minute. Your question is to the Clerk? Lets see if we can.....

CLERK: I'm sorry Senator I didn't hear the question.

SENATOR SNYDER: It is necessary that we know exactly which bill in the book that we are talking about.

CLERK: It is the white...

SENATOR SNYDER: Well there was an amendment that came out in white bill form and then there is a new white bill, that is printed in bill form. It is important because the numbers the section number, Vince are included in my motion.

PRESIDENT: Senator Carpenter, for what purpose do you rise?

SENATOR CARPENTER: (inaudible, mike not activated)

PRESIDENT: The motion is to return 616, yes sir, to strike sections 7, 8 and 9.

SENATOR CARPENTER: I had hopes that Senator Snyder that you would quit picking on this bill. If it is not in proper form lets pass it if that is the desire of the body, and lets leave it alone. You are just picking on a quibble. You are not going to be here after this session anyway so what are you concerned about? If the Governor is probably going to veto the bill anyway, at least I think he will if he is consistent with what he did a year ago. I have not opposed everyone taking a run at us. Now you are taking a run at it from a technical standpoint. The bill is...

PRESIDENT: Senator Carpenter, he is within his rights to make a motion on the bill. I realize that your remarks are pertinent here is true...

SENATOR CARPENTER: Lets quit fooling around with it.

PRESIDENT: I understand that. Senator Snyder has the floor.

SENATOR SNYDER: The reasons that I make this motion, I'm not picking on the bill.....

(start belt #9)

I don't like the bill, statements were made earlier that this bill is going to be passed, and we have had several votes on it. I think that it is pertinent to note that each time we have had votes those of us that oppose, not just this legislation because it is liquor legislation, but because of the type of legislation that it represents, and we have gained momentum. I think that if we kept this bill in here for awhile longer
