

and a few more people were too really know what this bill has in it, more Senators in here would have opposition. I go back to one of the points that I made when I put a kill motion on this bill late last week. If we are going to have price fixing and if we are going to have a freight charge in here where everybody pays the same freight charge no matter where your store is, lets do it on everything that we deal with. Lets not just do it on liquor. You have to wonder why the parcel post rates and business of this nature have varying rates. That is the nature of the business world in this country. I am just going to make the motion because this is the section, these are the sections I should say deal with the freight charges completely against everything that I believe in government and I just hate to see, not only because it is a liquor bill in this case, but I just hate to see the Nebraska Legislature put one single statute of this kind into law. Now Mr. President, I have nothing further to say on the motion. I think that we have had discussed the bill this morning and I just wonder...I wonder what the bill the acceptance of the bill will be, if this particular section were stricken. I move for the motion to be adopted.

PRESIDENT: Now the motion really is to return LB616 to Select File for specific amendment. That is the only thing that we are debating at this time. Senator Duis.

SENATOR DUIS: I would have to ask a question, because I can't debate it...I would have to ask a question of Senator Snyder.

PRESIDENT: Fine, go ahead, Senator Snyder, yield?

SENATOR SNYDER: Yes.

SENATOR DUIS: Senator Snyder, are you acquainted, you said that there wasn't another statute on the books with a freight rates, are you acquainted with cement and sugar?

SENATOR SNYDER: I would answer no that that.

SENATOR DUIS: You had better acquainted with that then before that particular statement, because I think that you will find that cement is the same across the state.

PRESIDENT: Does anyone want to debate the issue on the return of the bill? Senator Snyder specific amendment is to strike sections 7, 8, 9 at this particular point. Any further discussion of that motion? Alright the question is do you want to return LB616? All those in favor of the returning of the bill for a specific amendment as outlined by Senator Snyder will vote aye, those opposed vote no. This is for the return of the bill only. This motion is for the return of LB616. Return of the bill only. Once again, have you all voted? Alright, Clerk will record.

CLERK: 10 ayes, 13 nays.

PRESIDENT: Motion to return the bill fails. Are there other motions now on the desk?

CLERK: Read Keyes motion regarding LB91.

PRESIDENT: Which bill, 91?

CLERK: Just unbracket it Mr. President.
