

SENATOR STAMMER: Mr. President, I for one strongly disagree what great merit has a underlined bill? Some of these were put in 20-30 days after the deadline. We have got carry over bills from last year. I don't see anything so special about this so called underline.

PRESIDENT: Alright, Senator Chambers did you want to be heard on the issue?

SENATOR CHAMBERS: Mr. President, I'll be very brief. Thirty people voted to do what has been done, Senator Carpenter is the last one to say that this body is not doing what they want done meaning himself, because he has run rough-shot over this body and he has buffaloes and bulldosed people here the whole session. He has gotten everything that he has wanted and now I am going to be asserted and pushed for the things that are of value. I tried to accomodate where I can. This involves children and he nor anybody else is going to stand in the way of it.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: I'm getting sick of Senators Chambers of indictment. What I do here I do with the permission of 25 members of this body, and no other way can I do it. I would like now to advocate my leadership to Senator Chambers. From now on he will lead you to the extent of what you want to be led. I will follow with a great deal of hesitancy.

PRESIDENT: Alright, Senator Chambers.

SENATOR CHAMBERS: My final comment, that means then Senator Carpenter will vote to support this bill.

PRESIDENT: Chair recognizes Senator Schmit.

SENATOR CARPENTER: No, a hundred times no.

PRESIDENT: Motion is to suspend the rules and take a...place 977 up for discussion with 834. That is all that is before the house, just a suspension of the rules, on 977. Senator Schmit.

SENATOR SCHMIT: Mr. President, members of the legislature, I think that I ought to be entitled to speak a little bit because 834 is still my bill, at least at this time it still carries my name, if you recall a year ago a I had one hell of a time getting the support that I needed for a similar bill. Now since it is an election year, I have everybody from the Governor on down trying to jump on the band wagon and get excited about this type of bill. I think and I don't care what the devil you do with 977. 834 is my bill, and I am the author of the bill and I'm the father of the bill, and I completely accept all of the support that I get for it, but I don't need anybody riding piggy back, whether it is Governor Exon, or Senator Kennedy or anybody else on this bill. Lets pass either one or the other of the bills then lets have the Governor sign one of them and if he means what he said in the paper yesterday and be done with it. There isn't \$40,000 difference in the two bills. I'm embarrassed that I may be wasting one of my underlined bills here if the Governor chops it down over there in a moment of pick, which some of you think he would not be guilty of, in order to have his authorship on the bill. But I...all I care about is that
