

SENATOR NORE: Mr. President, I would like to ask Senator Murphy a question, if he would yield.

SENATOR MURPHY: Yield.

SENATOR NORE: Would there be a possibility that the University could establish a foreign study course of some kind and give them some credit to make a trip like this, like they do at Wayne State College?

SENATOR MURPHY: Senator Nore, I would vouch that almost anything is possible. As to the direct courses to be taken in that matter, I'm not that well advised.

SENATOR NORE: I have...I'm in favor of sending the band but I don't think...I think as we have said before and it is just needless for me to say it we are establishing some precedence and probably if we could do it some other way, it might be better.

PRESIDENT: Any further discussion now of Senator Murphy's motion? Senator Murphy, what is your pleasure regarding the bill.

SENATOR MURPHY: My pleasure would be that this body would vote to extend at least a third of the total cost of this unit as a if you will find not another way a token of endorsement of some of the finer things that our youth are engaged in today.

PRESIDENT: Question is do you support the Murphy amendment? If you do vote aye, Senator Luedtke do you want to be heard again? Alright, the Murphy amendment is what we will be voting on. All those in favor of that amendment to 1054 vote aye, those opposed vote no. Have you all voted? Senator Murphy?

SENATOR MURPHY: I do not want a call of the house, but I would like to announce to all of you big spenders that the band is still accepting voluntary contributions.

PRESIDENT: Thank you Senator Murphy. Clerk will record.

Clerk; 11 ayes, 24 nays.

PRESIDENT: Senator Murphy as the expression goes the amendment is down the tube.

CLERK: Read amendment number three.

PRESIDENT: Chair recognizes Senator Rasmussen.

SENATOR RASMUSSEN: Mr. President, members of the body, this is a \$60,000 amendment for research on musk thistle, which is definitely needed. This has never been oh looked into there has never been any money spend on it and I live right on the edge of the sandhills and if they ever get in there Nebraska is really going to have a problem. I would ask for the passage of the amendment.

PRESIDENT: Any further discussion of the Rasmussen amendment? Alright read the amendment then.

CLERK: Read amendment.
