

very important resolutions dealing with the constitution today and in the east senate chamber and that will take from this body at least 9 Senators. I was just wondering if you do...if you would not wish to consider 2:00 if you want 1:30 that is OK with me. I didn't introduce either resolution, but there will be a crowd over there.

PRESIDENT: Senator Richendifer.

SENATOR RICHENDIFER: Just one response to Senator Syas. I accepted the responsibility for the helmet bill, something that nobody else wanted and it seemed that they didn't want to take the abuse and the letters from it. I did feel that it was as much his responsibility and the rest of this body's responsibility to move these bills as we saw fit.

PRESIDENT: Senator Chambers.

SENATOR CHAMBERS: If Senator Proud, will consider it, he doesn't have to answer this question but they say the problem of introducing a piece of paper into evidence is that it can not be cross examined. I would like him to consider the the word at the bottom or the front piece of this piece of paper the words would be placed in jeopardy. It does not say that the funds would be cut off. Maybe somebody between now and when we come back with these bills we can find out what those words mean.

PRESIDENT: Senator Schmit

SENATOR SCHMIT: Pass.

PRESIDENT: Speaker Proud.

SPEAKER PROUD: Well Senator Chambers I have had recently some unfortunate experiences with the federal government and to find out exactly what they are going to do or not do even a month or two days ahead of time, I think that you will have to take it to higher powers and that power is God.

PRESIDENT: Senator Savage.

SENATOR SAVAGE: I would like to amend the recess to 2:00.

PRESIDENT: Any...would you be willing to accept the recess to amend it to 2:00 by unanimous consent? Is that alright? We have a motion before us to recess until 2:00. All those in favor of that motion say aye, those opposed say no. We are recessed until 2:00
