

think that we will ever then come to it in one swoop. I think that it is a step in that direction, and I think that it is a step that I highly favor. Dr. Anderson aside, I don't care who is over there. I think that ultimately for the better delivery of human services, we want to go to regions and coordinate all human service programs within those regions and at least that is my concept.

SENATOR CARPENTER: I would agree except I THINK THAT you ought to add Lincoln to the combination, and that is why I am the 13th member to the Omaha delegation. I foresee the same thing, and I don't want to be left out.

SENATOR STAHMER: I think that it would be good for Lincoln also.

SENATOR CARPENTER: I only want to discuss this thing because my interest is who is going to run it and I know where there is a strong man he has a tendency over a period of time to run it. If Dr. Anderson's relationship and interpretation of people who are alcoholics are criminals he carries that same theory over into everything that he does. To that extent I want to call it to your attention that you do as your please, but I don't think that this bill is as great as I once thought it was.

PRESIDENT: Senator Murphy.

SENATOR MURPHY: A....

SENATOR STAHMER: Could I respond to that before...

PRESIDENT: Go ahead Senator Stahmer.

SENATOR STAHMER: Senator Carpenter to a degree I would agree with you I think that this would be an improvement over what we have. If we don't pass the bill we are going to have more of complete one man control and if that is what you favor kill the bill. I think that this is a step to start chipping away at one man control and start having some regional input where we have lay people, namely county board members and we are going to watch the shop hopefully and see that somebody doesn't walk off with all of the goodies.

PRESIDENT: Senator Murphy.

SENATOR MURPHY: Mr. President, members,

PRESIDENT: Stand by, malfunction of mikes.

CLERK: Read message from the Governor.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: (inaudible)

PRESIDENT: We are going to move the bills on the right hand column is the Chair's understanding off of Select File. I'm ready whenever you are. Senator Luedtke you are up front here do you want to handle this. Will somebody handle them?

CLERK: On the top one we have a motion to kill Mr. President.
