

will not be read in full. What is the first bill Mr. Clerk?

CLERK: 934 and I have read the title and there are committee amendments by Senator Schmit's agriculture committee.

SPEAKER: You did what Senator Syas?

SENATOR SYAS: Punched the wrong button. I said that I would vote no awhile ago...

SPEAKER: You can explain your vote in the Journal. Senator Carpenter.

SENATOR CARPENTER: Who is going to allocate the 10 minutes?

SENATOR DE CAMP: I think that the Chair has to use his own discretion in handling this.

SPEAKER: The Chair will announce that it will not allocate anything. The motion was a total of ten minutes and when ten minutes is expired, we are going on to the next bill.

SENATOR CARPENTER: I am in concurrence with the presiding officer rulings, and his opinions but I think that I want to
