and in fairness to those who have filed, and to those who are seeking the office, I think this is a travesty to come in and say the rules have changed now, I think that we can do anything we want to for public image. And say no one in this position ought to do this. Maybe we ought to look at our own house. Maybe we ought to look at state government. But we are not doing that. What you've done is you have selected a couple of counties. And one of them happens to be mine. That's why I have a vital interest in it. I don't think it has been thought out enough. If you really want this to happen, then put that dollar level up there so we can get the best attorneys in that office, so we can have an administration of justice by someone who know what he is doing, rather than having to pick up anybody ~~that~~ will take the job under the conditions of pay. I certainly support Senator Mahoney's motion to strike the enacting clause.

SENATOR MAHONEY: I just want to say this, Mr. President. and the other members. That here again we find that we are not able to place the amount of money in there that would have taken care of the Sarpy County attorney, and it would be cruel and it would not be proper that we not allow him to practice law or the county attorneys in the counties that this bill will affect in the future.

All those opposed will vote not this is to return the bill only. The motion is to return the bill. For a specific amendment. This is to return the bill only. Now the question is, have you all voted.
