LB 302, 302A

complete income information by school districts across the state. I think this is needed on many approaches we have as a potential for an income tax bill for supporting education, any portions of income tax support, and with the tremendous property tax problems, I feel it is essential that we pass this bill. It does have an A bill with it of a little over \$15,000 but I think it is an extremely small price to pay when we are spending so much efforts at the present time and getting rather useless information fragmented and not knowing what measure to support. I'd urge you to pass this bill, adopt the committee amendments and pass it to the floor.
