SPEAKER MARVEL: The motion is carried. The bill is advanced to E & R for review. The next bill is LB 326, Mr. Clerk.

CLERK: Mr. President, LB 326 was a bill introduced by the Ag and Environment Committee and signed by the members thereof. Title read. The bill was read on January 10. It was referred to the Ag and Environment Committee. The bill was advanced to General File with committee amendments attached, Mr. President.

SPEAKER MARVEL: Do you want to move the committee amendments, Senator Schmit?

SENATOR SCHMIT: Mr. President, I move the committee amendments be adopted. The committee amendments, Mr. President, provide that the landowner may provide to the Natural Resource District a right of entry to maintain and inspect those water conservation projects that have been constructed on the land rather than an easement. It does not prevent an easement being negotiated between the landowner and the Natural Resource District but it provides for the other alternative, principally a right of entry. I believe that the amendments are principally the bill and I do move that the amendments be adopted at the present time.

SPEAKER MARVEL: The motion is the adoption of the committee amendments to LB 326. All those in favor vote aye, opposed no. Have you all voted? Have you all voted? Record.

CLERK: 25 ayes, 0 nays, Mr. President, on the motion to adopt the committee amendments.

SPEAKER MARVEL: The committee amendments are....or the motion is carried and the committee amendments are adopted. Senator Schmit, do you want to move the bill?
